PRESIDENT PALMA WANTED CHANGE MADE.

UNITED STATES WILL COMPLETELY EVACUATE.

Washington, March 25.—May 20, 1902, is the new date fixed for turning over the island of Cuba to its people. The change of date was made, if not at the suggestion, then with the full approval of President-elect Palma, and his advisors, Senors Tamaya and Quesada, who were with him at the war department today. This date should be a memorable one in Cuban history, for it will not only mark the acquisition of full independence, but will be the Cuban inauguration day, it having been determined that President Palma shall be inaugurated on the same day that American control of the island ceases.

All but the smallest details of the change in Cuba have been planned, and these remaining details were under adjustment at a meeting held at the war department today. Beside Secretary Root, President Palma and Senors Tamaya and Quesada, General Wood attended. The meeting occurred in the secretary's office. Beside the final selection of May 20 as independence day, two other important conclusions were reached. The first was that General Wood should, immediately upon his return to Cuba, issue a call convening the first Cuban congress in session on May 10th, in order that the body might employ the ten days following that date in supplying any legislation necessary to the assumption of full powers in the island. The other conclusion was that there should be no half-way evacuation of the island; the present disposition is to move the entire United States contingent, civil and military, away from the island, not even leaving a corporal's guard of United States soldiers in any of the camps.

This, however, does not apply to the coast defenses at several points in the island. These will be garrisoned by United States troops under command of Col. William L. Haskin.

If this program is not executed it will be for the sole reason that the Cubans themselves, through their authorized officials, request that the departure of the United States troops be delayed for a time.

SEVEN COMMITTEES NAMED

PRELIMINARIES FOR COURT HOUSE DEDICATION.

Business Men's Meeting Was Held Monday—Liquor Dealers Guarantee Fund of $1,000.

Down-town retailers and business men generally held a conference with the county commissioners at the court house assembly room Monday afternoon at 3 o'clock to take up the arrangements for the dedication of the court house on June 10, 11 and 12, and as a result of this meeting the following arrangement and soliciting committees were named today:

Dry Goods—M. E. Dessauer and Charles M. Mills.

Hardware—Fred M. Smith and Walter R. Seavey.

Furniture—W. F. Graster and E. C. Schell.

Books, News, Bicycles, Etc.—A. L. Randall and Albert C. Alter.

Breweries, Saloons and Liquor Dealers—John Lassus, Perry Stahl, F. E. Bougher, Otto F. Strodel, H. P. O'Reilly and Henry G. Braun.

Drugs, Jewelry, Etc.—C. B. Woodworth and W. F. Ranke.

Miscellaneous—B. F. Harper, Ronald Dawson, A. B. Jackson, H. A. Wiebke, Henry A. Diebold and S. B. Miner.

GUARANTEE $1,000.

The meeting yesterday was held through the movement inaugurated by a number of business men, and F. V. Culbertson was chosen as temporary chairman. County Attorney Barrett, speaking for the board of commissioners, stated that the county would provide funds for one day on which the dedicatory service proper is held. They would decorate building, provide orator and [illegible]

dedication, but they could not contribute to a general fund, expend money for advertising nor provide for any additional celebration. The latter two days must be taken care of by the business men of Fort Wayne, and it is estimated that a fund of $2,500 is necessary for this. The liquor dealers have been working actively within the past few days and they announced yesterday that they would guarantee a contribution of at least $1,000 to the fund. The committee present also expressed the belief that a sum in excess of this amount would be speedily raised if other business men take hold of the matter as they are now doing. It was to secure a contribution from all lines of business and to get business men generally interested in the dedication that the appointment of the committees was authorized.

Mr. Culbertson says that in acting as chairman of the meeting he was doing so solely in his capacity as a citizen interested in the welfare of Fort Wayne and not as president of the Commercial club. The dedication event is to be carried forward by citizens of the city generally and not by any organization. The various committees named today will hold another meeting at the assembly room Thursday afternoon, when a permanent chairman will be selected and further plans elaborated for the dedication.

TO SEEK PEACE FOR MINERS

OFFICES OF CIVIC FEDERATION TO BE SOUGHT.

President Mitchell Will Not Make Public Now Names of the Miners' Committee.

Shamokin, Pa., March 25.—President Mitchell, of the United Mine Workers, said today that he has decided for the present not to announce the names of the fourteen men selected to seek the aid of the Civic Federation in securing an amicable settlement of the differences between the mine workers and the operators. It is not at all certain that this committee will have occasion to visit New York on a peace mission.

The program as now prepared provides for a preliminary conference in New York between National President Mitchell, the three district presidents and the conciliation committee of the Civic Federation. An effort will be made by these committees to arrange a meeting between the operators and the mine workers' committee of fourteen. Should the operators decline to meet the committee there will be no necessity for its members to visit New York. In any event, the four presidents will report the result of their efforts to the district executive boards before further action is taken.

A UNION CELEBRATES.

Painters, Decorators and Paper Hangers' union No. 469 celebrated their second anniversary last evening at K. of L. hall and they certainly had a good time. The bosses were the honorary guests and all told there were about 125 members of the craft present. A year ago the painters were out on a strike and the persistency with which they stuck to it and the good conduct all around which marked it, coupled with the justice of the demands won the strike, and since then nothing but goodfellowship has prevailed between men and bosses. It was to show their appreciation of the fairness with which they had been treated that last evening's entertainment was provided. A modest banquet was served and there were many impromptu speeches and mutual expressions of good will, the principal speaker of the evening being Merril Stradley the free hand artist who read a treatise on "The Relation of the Hydrostat to the Incubate" and afterwards made a few impromptu remarks on the question. There is no wage question to be settled this spring, the scale adopted last year after the strike being effective for two years.

QUARTERLY MEETING.

The fourth quarterly conference of Wayne street M. E. church will be held on Wednesday evening, with Presiding Elder W. H. Daniel in charge. Trustees and stewards will be elected for the coming year, and other business will be disposed of.

Mrs. J. G. Fratis, of 36 Lake avenue, delightfully entertained the F. M. club Saturday evening. A delicious two course luncheon was served, the tables being done in pink and white. [illegible] won by Mr. [illegible]

TALK SURRENDER

BOER LEADERS SAID TO BE OF THAT MIND.

THE SCHALK-BURGER PARTY

GOES TO KROONSTAD UNDER BRITISH ESCORT.

FISCHER FAVORS MORE WAR

CONDITIONS IN CAPE COLONY SAID TO BE DANGEROUS.

Wolve Hoek, Orange River Colony, Monday, March 24.—The train having on board Acting President Schalk-Burger and his party passed this place on its way to Kroonstad yesterday. The Transvaal government officials were accompanied by Captain Marker, Lord Kitchener's aide-de-camp, and five other members of the staff of the British commander-in-chief in South Africa. The impression here is that the Transvaalers favor a general surrender of the Boer forces.

THINKS WAR SHOULD GO ON.

Amsterdam, March 25.—Abraham Fischer, the Boer delegate, in an interview today gives a variety of reasons why the Boers in the field should be in a mood to continue the war rather than accept terms less advantageous than those previously demanded. The latest report from President Steyn, received under date of February 15, says:

"Last year we fought hopefully; now we are fighting with confidence, not to the bitter end, but to a happy end."

The Boer forces have plenty of everything except clothing.

CONDITIONS DANGEROUS.

London, March 25.—Sir George Goldie, vice president of the Royal Geographical society and founder of Nigeria, who has just returned from a thorough investigation of South Africa, where he conferred with Lord Milner, Lord Kitchener, Cecil Rhodes, Sir Walter Hely-Hutchinson, the governor of the Cape of Good Hope, and numbers of other influential men, brings home rather pessimistic ideas of the general situation, from a British point of view. The conditions in Cape Colony he regards as especially dangerous, and he considers that the most serious British difficulties will be encountered there in the future, as at present. In the course of an interview with a representative of The Associated Press, Sir George Goldie, while recognizing the possible importance of Acting President Schalk-Burger's step, said he was convinced that the question of peace or war rests in the hands of President Steyn, and that Mr. Kruger and the other Boers in Europe no longer represent Boer opinion. The real difficulty in the path of peace, he believes, is the question of granting amnesty to the Cape and Natal rebels, and, Sir George says, the vague promises of the British government have not the slightest weight while the fighting burghers are in their present state of mind. Sir George Goldie advocates granting amnesty to the rebels, but he insists that every one must be disfranchised for life. This, he declares, would go far towards allaying the bitterness of the loyalists. Sir George deprecates any attempt to permit the use of a dual language. He says English alone must be the official language and adds that the fact that practically the whole of the rising generations of the two republics are now in the concentration camps and are rapidly learning English will be of great aid in this direction. He estimates that 100,000 armed men will be needed in South Africa for some years after the conclusion of peace.

Sir George Goldie failed to meet any Boers who yet recognized that they had been finally beaten, though some of them admitted that they had been temporarily over-weighted by numbers.

ADJUSTERS AT WORK.

Seven or eight insurance adjusters, who arrived in the city last evening, today began an adjustment of the fire losses to the Fox building and its occupants in the blaze on Wednesday last. It is expected that several days will be required to fix accurately the amount of damage.

TRADES COUNCIL MEETING.

The Trades and Labor council met regular session last night and enacted a lot of routine [illegible] tion of giving a [illegible] of Honor [illegible] meet

cussed in numerous phases and developed considerable support, as well as considerable opposition. The promoters of the fair were not prepared to make a complete report and after much discussion the matter was passed, to be probably brought up again in two weeks at the next regular meeting.

ALL IN READINESS.

All arrangements have been completed for the concert to be given next Monday evening by the young people of Emmaus Lutheran church. The program is an excellent one, embracing both musical and literary numbers, and the event promises to be very successful.

TALKING OF TICKET TIMBER

REPUBLICANS WITH EYES ON COUNTY OFFICE.

Fellows Who Fix Things are Framing Up a List of Men Who Will Consent to Make Race.

Chairman Harris has called a meeting of the republican central committee to be held next Saturday, and its principal business at this time will be the selection of a date for holding the county nominating convention. Nobody is willing to hazard a guess at the date to be chosen, and the only information obtainable is the general opinion that an early convention is probable.

Contrary to the expressed convictions of some of the more hopeful republicans a short time ago, it is beginning to be apparent that the nomination of a complete county ticket that will be strong enough to out any figure in the fight this fall will be a stupendous job, for nobody appears unduly anxious to sacrifice himself in a hopeless race. The ray of promise at the end of the republican race in Allen county is of such diminutive candle power that even those afflicted with a chronic longing for the public crib are inclined to fight shy of a proposition that so strongly resembles a gold-brick negotiation.

Gossip in republican circles as to the probable personnel of the ticket to be nominated is beginning to crop out, and a sort of preliminary line-up—a political rough sketch—has been drafted, though there is a prominent disclaimer of any intention to cut out the patriots who have not been heard from. Unless the wind should veer materially it is probable that Attorney Owen N. Heaton may be the nominee for superior court judge. However, Mr. Heaton made the race once before and the nomination may not be particularly attractive to him at this time.

It is probable that W. J. Lennert may be induced to make the race for auditor and an effort is on foot to have Will Urbahns, who was the nominee for city clerk a year ago, take a try at the clerkship on the county ticket. Nelson O. Bart has announced that he is willing to take the nomination for sheriff with thanks, and Paul E. Wolf is looked upon with favor for the treasurership. It is understood that John Jackson, jr., is almost persuaded to try for a seat in the legislature, and a gentleman named Griswold has similar inclinations. An even quartet of physicians are mentioned in connection with the coronership, and one of these, Dr. J. A. Lomas, is out with a formal announcement of his candidacy. Others mentioned for the place are Dr. W. D. Calvin, Dr. King and Dr. J. E. Stults.

CONDEMNED A SCHOOLHOUSE.

Dr. Proegler, county health officer, went to Springfield township to-day where he condemned schoolhouse No. 5, situated several miles north of Maysville. The building is an old frame concern long since having outlived its usefulness as well as having passed into a decay of beauty. Objection to a new schoolhouse was raised by many residents of the township but finally it was pointed out to Dr. Proegler that the anatomical condition of the structure theatened the welfare and lives of the inmates whereupon he condemned it as provided by the statutes. A new structure will be erected in its stead this summer.

LABORER IS INJURED.

John Gleason, a laborer employed by the Fort Wayne and Southwestern Traction company and residing at 12 Melita street, was painfully injured this afternoon at the Fairfield avenue crossing of the Wabash railroad. A frog dropped upon Gleason's foot, smashing two of his toes badly.

TARIFF CAMPAIGN

PRESIDENT ROOSEVELT HAS NOT GIVEN UP.

HIS CONFERENCES CONTINUE

WORK ON A COMPROMISE IS NOW PROGRESSING.

REPRESENTATIVE RHEA OUT

HOUSE UNSEATS DEMOCRAT FROM KENTUCKY.

Washington, March 25.—President Roosevelt again took up the Cuban reciprocity question today, with a view to securing unanimity of action in the house of representatives. Among his callers was Representative Long, of Kansas, the member of the ways and means committee who was in charge of the tactical movements in behalf of the reciprocity plan. This followed the call yesterday of the seven leaders of the opposition to Cuban reciprocity, and it was understood that Mr. Long's call was in continuance of the movement to bring the two opposing elements together. Later, when Mr. Long returned to the house of representatives, he conferred with Representative Morris, of Minnesota, who presented in detail the amendment which the opposition is supporting to abolish the differential on refined sugar. At present refined sugar pays $1.95 per 100; unrefined $1.825. By taking off the differential all sugars would pay the uniform rate of $1.825 per 100. The present suggestion is that a modification of the Payne bill, so as to make this change in the differential, would probably bring about an agreement. The ways and means committee are understood to be giving this proposition respectful consideration, examining all its details. But there is no definite indication thus far of its acceptance, as there is reason to believe that ways and means members look upon it as involving the first step toward a general revision of the tariff. The matter is still under consideration, however.

IN THE HOUSE.

Washington, March 25.—The consideration of the contested election cases of Moss vs. Rhea from the third Kentucky district was resumed when the house met today. Only two hours of debate remained. The first hour was occupied by the contestee, Mr. Rhea, in concluding the argument begun by him yesterday in defense of his right to his seat.

He was given close attention on both sides of the house. Senators Blackburn and Deboe, of Kentucky, were upon the floor and listened to Mr. Rhea's speech.

The house, he said, was asked to vote that the state of Kentucky had set its seal upon a lie."

"I stand for Kentucky," he continued, "for her manhood, for the honesty of her voters and the purity of her women and not for the presidency of these United States could I be induced to befoul the state which honored me with an election to this body."

Just before Mr. Rhea concluded he made a severe arraignment of Mr. Moss, the contestant, charging that although he now called himself a republican that two weeks before the election he had registered as a democrat and had pledged himself if elected to go into the democratic caucus. With impassioned words he challenged the contestant or his friends to deny this statement. "If it is denied," said he, "I will prove him to be the poor, miserable creature I know him to be."

Mr. Mann (Rep., Ill.) who was in charge of the case, called Mr. Rhea to order for this language, but subsequently withdrew his point of order and soon afterward Mr. Rhea concluded.

In doing so he proclaimed his adherence to the principles of the democratic party and said he would not indulge in a cringing appeal to the other side for mercy. "I do not want you to violate your sense of duty," said he, addressing the republican side. "If it is your judgment that I was not rightfully elected to this seat, vote against me, but if as honest men you do not believe that the election of the contestant has been established by proof, I ask you to rise above party and declare your judgment by your vote."

Mr. Rhea was warmly congratulated by his party when he took his seat. Mr. Gains (republican, of West Virginia) followed with a forty-minute speech in support of the claims of the contestant. Replying to Mr. Rhea's attack on Mr. Moss' politics, Mr. Gaines said the contestee did not care whether the contestant was a republican or a democrat. The debate on the case was closed by Mr. Mann with a strong appeal in favor of the claims of the contestant to the seat.

At the conclusion of Mr. Mann's speech the vote was taken on the substitute resolution offered by the minority which declared that Mr. Rhea was entitled to sustain his seat. The resolution was lost, 127-137.

Mr. Hanbury, of New York, was the only republican who voted for the resolution. A number of other republicans did not vote. This reduced the republican majority from 43 to 10. The resolution declaring Mr. Moss entitled to the seat was then adopted without division, the demand for a roll call being withdrawn at the request of Mr. Rhea. There was a round of applause from the republican side as Mr. Moss came forward to take the oath which was met with hisses from the democratic side.

IN THE SENATE.

Washington, March 25.—At the conclusion of routine business in the senate today a resolution offered by Mr. Platt (Conn.) was adopted, calling upon the secretary of the interior for information concerning treaties negotiated with Indian tribes of Oregon in 1850 and inquiring whether the United States equitably is bound to compensate the tribes for lands now in possession of the government or settlers.

The senate then began the consideration of private pension bills. Forty four pension measures were passed.

The senate then proceeded to the consideration of the bill to amend the act establishing a code of laws for the District of Columbia.

CREDITORS FILED PROTEST

AND BANKRUPT'S DISCHARGE IS "HELD UP."

Court Will Hear Further Evidence in Levington Matter—The Cuspidor Case.

Eastern creditors of Henrietta Levington, of this city, whose petition for discharge as a bankrupt came up before Judge Baker this week, were on hand with an objection in which strong allegations of fraud were made. As a result the discharge has been temporarily deferred, and the case has been sent back to Refree Chapin to take additional evidence on the objections. The objections allege that the bankrupt fraudulently concealed a portion of the estate which should have been turned over to the creditors; that she failed to keep proper account books and records, and that books of accounts and records of the business were destroyed with fraudulent intent.

GETS AUTHORITY.

T. J. Logan, deputy clerk of the United States court, today received his authority as special master in chancery in the matter of Albert C. Clark vs. G. E. Johnson, L. C. Hunter, A. A. Chapin and W. P. Denny. This is the famous dental cuspidor case, wherein Chicago parties seek to establish an infringement of patents owned by them. Mr. Logan is appointed master in chancery to take evidence upon a long list of questions which are set forth in the order which came today.

WILL BE ABLY ASSISTED.

The Linden quartet, which is to give its eleventh annual concert at Wayne Street M. E. church on Friday evening, April 4, will be assisted by a strong combination embracing much of the very best musical talent in the city. Included in the list are the Haydn and Apollo quartets, Mrs. F. E. Stouder, Mrs. S. C. Moffat and Mrs. H. G. Keegan. These yearly concerts are awaited with much interest, and are recognized as of the prominent musical events of the year. The Linden quartet was organized in 1892, and its singing shows the effect of continued and studied effort. With the exception of the famous Haydn quartet it is one of the oldest and best known institutions of its kind in the state. There is a well-substantiated claim that in the Haydn, Linden and Apollo quartets Fort Wayne has the best male chorus in Indiana.

Rev. W. E. Wight, of Kalamazoo, Mich., and Rev. Buswell, of Wisconsin, opened a series of Bible studies and addresses to continue until Friday at the South Congregational church today. The meetings are held at 2:30 and 7:30 p. m.

AFTER INDIANA BUCKETSHOPS

CHICAGO BOARD OF TRADE HAS BROUGHT SUIT.

Wants Fifty-seven Defendants in the State Restrained From Using Quotations.

Indianapolis, Ind., March 25.—The Chicago board of trade this afternoon filed suit in the United States district court here, asking that practically all the bucketshops in Indiana be restrained from using the board of trade quotations.

The court was asked to bring in 57 defendants from the cities of Indiana and have them show cause why the restraining order should not be issued. The board claims that the quotations are being used by the bucketshops as a basis for gambling, which is in effect a violation of the board of trade's contract with the telegraph companies.

The board of trade says that the unauthorized use of its quotations for which the Indiana men are paying nothing to the board, will in time destroy the value of the plaintiff's quotations.

If one person, it is said, secures the quotations surreptitiously he can furnish them to all the bucketshops in the United States, and thus defeat the efforts of the board of trade to prevent the use of the quotations in bucketshops as a basis for illegal bets.

MRS A. J. YOU VERY ILL.

A letter was received by friends here today from A. J. You, of San Diego, California, to the effect that Mrs. You was in a very critical condition, and little hope was entertained for recovery. Mr. and Mrs. You are very well known in this city, where they formerly resided, and the news will be received with regret by their many friends. Mr. You is an emmigration inspector.

BEGIN WORK TOMORROW.

The work of repairing the Fox building, which was badly damaged by fire last week, will begin tomorrow. Mr. Fox will at once put the Armstrong store in shape and a force of painters and decorators will begin on the building Wednesday morning. Mr. Fox states that the building will be ready for occupation within two or three weeks.

The latest report from President Steyn, received under date of February 15, says:

"Last year we fought hopefully; now we are fighting with confidence, not to the bitter end, but to a happy end."

The Boer forces have plenty of everything except clothing.

CONDITIONS DANGEROUS.

London, March 25.—Sir George Goldie, vice president of the Royal Geographical society and founder of Nigeria, who has just returned from a thorough investigation of South Africa, where he conferred with Lord Milner, Lord Kitchener, Cecil Rhodes, Sir Walter Hely-Hutchinson, the governor of the Cape of Good Hope, and numbers of other influential men, brings home rather pessimistic ideas of the general situation, from a British point of view. The conditions in Cape Colony he regards as especially dangerous, and he considers that the most serious British difficulties will be encountered there in the future, as at present. In the course of an interview with a representative of The Associated Press, Sir George Goldie, while recognizing the possible importance of Acting President Schalk-Burger's step, said he was convinced that the question of peace or war rests in the hands of President Steyn, and that Mr. Kruger and the other Boers in Europe no longer represent Boer opinion. The real difficulty in the path of peace, he believes, is the question of granting amnesty to the Cape and Natal rebels, and, Sir George says, the vague promises of the British government have not the slightest weight while the fighting burghers are in their present state of mind. Sir George Goldie advocates granting amnesty to the rebels, but he insists that every one must be disfranchised for life. This, he declares, would go far towards allaying the bitterness of the loyalists. Sir George deprecates any attempt to permit the use of a dual language. He says English alone must be the official language and adds that the fact that practically the whole of the rising generations of the two republics are now in the concentration camps and are rapidly learning English will be of great aid in this direction. He estimates that 100,000 armed men will be needed in South Africa for some years after the conclusion of peace.

Sir George Goldie failed to meet any Boers who yet recognized that they had been finally beaten, though some of them admitted that they had been temporarily over-weighted by numbers.

ADJUSTERS AT WORK.

Seven or eight insurance adjustors, who arrived in the city last evening, today began an adjustment of the fire losses to the Fox building and its occupants in the blaze on Wednesday last. It is expected that several days will be required to fix accurately the amount of damage.

TRADES COUNCIL MEETING.

The Trades and Labor council met in regular session last night and transacted a lot of routine business. The proposition of giving a trades and labor fair this spring was discussed in numerous phases and developed considerable support, as well as considerable opposition. The promoters of the fair were not prepared to make a complete report and after much discussion the matter was passed, to be probably brought up again in two weeks at the next regular meeting.

ALL IN READINESS.

All arrangements have been completed for the concert to be given next Monday evening by the young people of Emmaus Lutheran church. The program is an excellent one, embracing both musical and literary numbers, and the event promises to be very successful.

TALKING OF TICKET TIMBER

REPUBLICANS WITH EYES ON COUNTY OFFICE.

Fellows Who Fix Things are Framing Up a List of Men Who Will Consent to Make Race.

Chairman Harris has called a meeting of the republican central committee to be held next Saturday, and its principal business at this time will be the selection of a date for holding the county nominating convention. Nobody is willing to hazard a guess at the date to be chosen, and the only information obtainable is the general opinion that an early convention is probable.

Contrary to the expressed convictions of some of the more hopeful republicans a short time ago, it is beginning to be apparent that the nomination of a complete county ticket that will be strong enough to cut any figure in the fight this fall will be a stupendous job, for nobody appears unduly anxious to sacrifice himself in a hopeless race. The ray of promise at the end of the republican race in Allen county is of such diminutive candle power that even those afflicted with a chronic longing for the public crib are inclined to fight shy of a proposition that so strongly resembles a gold-brick negotiation.

Gossip in republican circles as to the probable personnel of the ticket to be nominated is beginning to crop out, and a sort of preliminary line-up—a political rough sketch—has been drafted, though there is a prominent disclaimer of any intention to cut out the patriots who have not been heard from. Unless the wind should veer materially it is probable that Attorney Owen N. Heaton may be the nominee for superior court judge. However, Mr. Heaton made the race once before and the nomination may not be particularly attractive to him at this time.

It is probable that W. J. Lennert may be induced to make the race for auditor and an effort is on foot to have Will Urbahns, who was the nominee for city clerk a year ago, take a try at the clerkship on the county ticket. Nelson O. Bart has announced that he is willing to take the nomination for sheriff with thanks, and Paul E. Wolf is looked upon with favor for the treasurership. It is understood that John Jackson, jr., is almost persuaded to try for a seat in the legislature, and a gentleman named Griswold has similar inclinations. An even quartet of physicians are mentioned in connection with the coronership, and one of these, Dr. J. A. Lomas, is out with a formal announcement of his candidacy. Others mentioned for the place are Dr. W. D. Calvin, Dr. King and Dr. J. E. Stults.

CONDEMNED A SCHOOLHOUSE.

Dr. Proegler, county health officer, went to Springfield township to-day where he condemned schoolhouse No. 5, situated several miles north of Maysville. The building is an old frame concern long since having outlived its usefulness as well as having passed into a decay of beauty. Objection to a new schoolhouse was raised by many residents of the township but finally it was pointed out to Dr. Proegler that the anatomical condition of the structure theatened the welfare and lives of the inmates whereupon he condemned it as provided by the statutes. A new structure will be erected in its stead this summer.

LABORER IS INJURED.

John Gleason, a laborer employed by the Fort Wayne and Southwestern Traction company and residing at 12 Melita street, was painfully injured this afternoon at the Fairfield avenue crossing of the Wabash railroad. A frog dropped upon Gleason's foot, smashing two of his toes badly.

Degree of Honor No. 23 will meet this evening at Elektron hall.

TARIFF CAMPAIGN

PRESIDENT ROOSEVELT HAS NOT GIVEN UP.

HIS CONFERENCES CONTINUE

WORK ON A COMPROMISE IS NOW PROGRESSING.

REPRESENTATIVE RHEA OUT

HOUSE UNSEATS DEMOCRAT FROM KENTUCKY.

Washington, March 25.—President Roosevelt again took up the Cuban reciprocity question today, with a view to securing unanimity of action in the house of representatives. Among his callers was Representative Long, of Kansas, the member of the ways and means committee who was in charge of the tactical movements in behalf of the reciprocity plan. This followed the call yesterday of the seven leaders of the opposition to Cuban reciprocity, and it was understood that Mr. Long's call was in continuance of the movement to bring the two opposing elements together. Later, when Mr. Long returned to the house of representatives, he conferred with Representative Morris, of Minnesota, who presented in detail the amendment which the opposition is supporting to abolish the differential on refined sugar. At present refined sugar pays $1.95 per 100; unrefined $1.825. By taking off the differential all sugars would pay the uniform rate of $1.825 per 100. The present suggestion is that a modification of the Payne bill, so as to make this change in the differential, would probably bring about an agreement. The ways and means committee are understood to be giving this proposition respectful consideration, examining all its details. But there is no definite indication thus far of its acceptance, as there is reason to believe that ways and means members look upon it as involving the first step toward a general revision of the tariff. The matter is still under consideration, however.

IN THE HOUSE.

Washington, March 25.—The consideration of the contested election cases of Moss vs. Rhea from the third Kentucky district was resumed when the house met today. Only two hours of debate remained. The first hour was occupied by the contestee, Mr. Rhea, in concluding the argument begun by him yesterday in defense of his right to his seat.

He was given close attention on both sides of the house. Senators Blackburn and Debue, of Kentucky, were upon the floor and listened to Mr. Rhea's speech.

The house, he said, was asked to vote that the state of Kentucky had set its seal upon a lie."

"I stand for Kentucky," he continued, "for her manhood, for the honesty of her voters and the purity of her women and not for the presidency of these United States could I be induced to befoul the state which honored me with an election to this body."

Just before Mr. Rhea concluded he made a severe arraignment of Mr. Moss, the contestant, charging that although he now called himself a republican that two weeks before the election he had registered as a democrat and had pledged himself if elected to go into the democratic caucus. With impassioned words he challenged the contestant or his friends to deny this statement. "If it is denied," said he, "I will prove him to be the poor, miserable creature I know him to be."

Mr. Mann (Rep., Ill.) who was in charge of the case, called Mr. Rhea to order for this language, but subsequently withdrew his point of order and soon afterward Mr. Rhea concluded.

In doing so he proclaimed his adherence to the principles of the democratic party and said he would not indulge in a cringing appeal to the other side for mercy. "I do not want you to violate your sense of duty," said he, addressing the republican side. "If it is your judgment that I was not rightfully elected to this seat, vote against me, but if as honest men you do not believe that the election of the contestant has been established by proof, I ask you to rise above party and declare your judgment by your vote."

Mr. Rhea was warmly congratulated by his party when he took his seat. Mr. Gains (republican, of West Virginia) followed with a forty-minute speech in support of the claims of the contestant. Replying to Mr. Rhea's attack on Mr. Moss' politics, Mr. Gaines said the committee which reported against the contestee did not care whether the contestant was a republican or a democrat. The debate on the case was closed by Mr. Mann with a strong appeal in favor of the claims of the contestant to the seat.

At the conclusion of Mr. Mann's speech the vote was taken on the substitute resolution offered by the minority which declared that Mr. Rhea was entitled to sustain his seat. The resolution was lost, 127-137.

Mr. Hanbury, of New York, was the only republican who voted for the resolution. A number of other republicans did not vote. This reduced the republican majority from 43 to 10. The resolution declaring Mr. Moss entitled to the seat was then adopted without division, the demand for a roll call being withdrawn at the request of Mr. Rhea. There was a round of applause from the republican side as Mr. Moss came forward to take the oath which was met with hisses from the democratic side.

IN THE SENATE.

Washington, March 25.—At the conclusion of routine business in the senate today a resolution offered by Mr. Platt (Conn.) was adopted, calling upon the secretary of the interior for information concerning treaties negotiated with Indian tribes of Oregon in 1850 and inquiring whether the United States equitably is bound to compensate the tribes for lands now in possession of the government or settlers.

The senate then began the consideration of private pension bills. Forty four pension measures were passed.

The senate then proceeded to the consideration of the bill to amend the act establishing a code of laws for the District of Columbia.

CREDITORS FILED PROTEST

AND BANKRUPT'S DISCHARGE IS "HELD UP."

Court Will Hear Further Evidence in Levington Matter—The Cuspidor Case.

Eastern creditors of Henrietta Levington, of this city, whose petition for discharge as a bankrupt came up before Judge Baker this week, were on hand with an objection in which strong allegations of fraud were made. As a result the discharge has been temporarily deferred, and the case has been sent back to Refree Chapin to take additional evidence on the objections. The objections allege that the bankrupt fraudulently concealed a portion of the estate which should have been turned over to the creditors; that she failed to keep proper account books and records, and that books of accounts and records of the business were destroyed with fraudulent intent.

GETS AUTHORITY.

T. J. Logan, deputy clerk of the United States court, today received his authority as special master in chancery in the matter of Albert C. Clark vs. G. E. Johnson, L. C. Hunter, A. A. Chapin and W. P. Denny. This is the famous dental cuspidor case, wherein Chicago parties seek to establish an infringement of patents owned by them. Mr. Logan is appointed master in chancery to take evidence upon a long list of questions which are set forth in the order which came today.

WILL BE ABLY ASSISTED.

The Linden quartet, which is to give its eleventh annual concert at Wayne Street M. E. church on Friday evening, April 4, will be assisted by a strong combination embracing much of the very best musical talent in the city. Included in the list are the Haydn and Apollo quartets, Mrs. F. E. Stauber, Mrs. S. C. Moffat and Mrs. H. G. Keegan. These yearly concerts are awaited with much interest, and are recognized as of the prominent musical events of the year. The Linden quartet was organized in 1892, and its singing shows the effect of continued and studied effort. With the exception of the famous Haydn quartet it is one of the oldest and best known institutions of its kind in the state. There is a well-substantiated claim that in the Haydn, Linden and Apollo quartets Fort Wayne has the best male chorus in Indiana.

Rev. W. E. Wight, of Kalamazoo, Mich., and Rev. Buswell, of Wisconsin, opened a series of Bible studies and addresses to continue until Friday at the South Congregational church today. The meetings are held at 2:30 and 7:30 p. m.

Mrs. Lizzie W. F. Scheer, of 34 Woodlawn avenue, entertained the members of the Friendship Thimble club this afternoon.

WORKMEN KILLED

EIGHT OR NINE LOSE LIFE IN CLEVELAND.

BURIED IN AN EXCAVATION

WERE DIGGING FOR FOUNDATION FOR GAS TANK.

EARTH CAVED IN UPON THEM

SEVEN DEAD BODIES TAKEN FROM THE HOLE.

Cleveland, March 25.—Eight or nine workmen were buried in an excavation for the foundation of a new tank at the plant of the Cleveland Gaslight company on Lighthouse street this afternoon and seven of the men have thus far been taken out dead.

The dead:
James Say.
James Lees.
Pietre Breast.
Charles Holmond.
Joseph Peabodyes.
Andrew Halm.
Unknown man.
Fatally injured:
Matthew Lynch.

A gang of men was at work digging and shoveling twenty-five feet below the surface, when without the slightest warning several tons of clay toppled over upon them.

AFTER INDIANA BUCKETSHOPS

CHICAGO BOARD OF TRADE HAS BROUGHT SUIT.

Wants Fifty-seven Defendants in the State Restrained From Using Quotations.

Indianapolis, Ind., March 25.—The Chicago board of trade this afternoon filed suit in the United States district court here, asking that practically all the bucketshops in Indiana be restrained from using the board of trade quotations.

The court was asked to bring in 57 defendants from the cities of Indiana and have them show cause why the restraining order should not be issued. The board claims that the quotations are being used by the bucketshops as a basis for gambling, which is in effect a violation of the board of trade's contract with the telegraph companies.

The board of trade says that the unauthorized use of its quotations for which the Indiana men are paying nothing to the board, will in time destroy the value of the plaintiff's quotations.

If one person, it is said, secures the quotations surreptitiously he can furnish them to all the bucketshops in the United States, and thus defeat the efforts of the board of trade to prevent the use of the quotations in bucketshops as a basis for illegal bets.

MRS A. J. YOU VERY ILL.

A letter was received by friends here today from A. J. You, of San Diego, California, to the effect that Mrs. You was in a very critical condition, and litte hope was entertained for recovery. Mr. and Mrs. You are very well known in this city, where they formerly resided, and the news will be received with regret by their many friends. Mr. You is an emmigration inspector.

BEGIN WORK TOMORROW.

The work of repairing the Fox building, which was badly damaged by fire last week, will begin tomorrow. Mr. Fox will at once put the Armstrong store in shape and a force of painters and decorators will begin on the building Wednesday morning. Mr. Fox states that the building will be ready for occupation within two or three weeks.

SMOKEHOUSE SCORCHED.

The smokehouse and meat market, located at 445 Wallace street, owned by Councilman Fred Meyers and occupied by Samuel Haller, was damaged by fire about 3 o'clock this morning. The fire was caused by sparks and the loss is estimated at about $100.

LOUIS MOHR SELLS OUT.

Louis Mohr has sold his sewing machine agency to the Meyer Cycle company and will retire from business. Mr. Mohr has been in the sewing machine business for a number of years and expects to enjoy the fruits of his life's labors for the rest of his life.

WOMEN

We Can Tell You How to Overcome Paleness and Weakness.

The question is often asked why it is that women of this generation suffer as they do. Perhaps they are paying the penalty of indiscretions committed by their ancestors. Undoubtedly such is the case, for there has never been an age when so much care has been exercised by women in general in regard to Hygiene and the care of themselves.

There is one thing that we do know and that is most women need more strength and more rosy cheeks. They need to be built up, made physically strong, given a good appetite and especially see that their blood is made pure and red.

Nothing will do all this for women as well, or as quickly, as Vinol. It strengthens every organ of the body. It above all tones up the stomach and enables this important organ to obtain all the nourishment necessary for the replacing of waste tissue and for the revivifying of the blood.

Especially have we had opportunity to note the benefits done by Vinol during convalescence from disease nor do we know of anything more valuable to nursing mothers, it does so much towards enabling the mother to gain strength for herself and the little one, from the food she eats.

Here is a letter bearing on this subject, written by Mr. W. J. Hamilton of 1706 Times Street, Keokuk, Iowa.

"My wife was left in a very much weakened condition with a severe cough. She had no appetite and had gotten down physically to the very bottom rung of the ladder. I gave her Vinol and the cough disappeared, her appetite returned and now she is feeling first-class, is getting stronger and better and gaining in flesh every day."

Do not forget that we guarantee that Vinol will do all we claim for it and back our guarantee with our promise to refund to anyone the price of this medicine, who is not thoroughly satisfied with results.

CLARK IS HEAVILY FINED

KEEPER OF RESORT GIVEN SEVERE PENALTY.

Two Female Inmates and Two Male Resorters Mulcted—News of the Police.

There was nothing new at police court this morning but the cases against Daisy Osborne and Mary Jones charged with prostitution, Harry Johnson and Henry Weinbrunner charged with associating and Charles Clark charged with keeping a house of ill-fame were called, having been continued from last Saturday. The case of Clark was first called. The defendant looked at Judge Louttit with an eager eye and then concluded that he would take a change of venue. He was not represented by an attorney but having had plenty of previous experience he thought he could manage his own case, so he applied for a change of venue and the proper affidavit was made. Mr. Clark was evidently not aware that a change of venue could be taken from the judge only and not from the jurisdiction of the court, so his scheme to balk justice by dragging the witnesses over the county on venue proceedings failed. He seemed to be considerably annoyed when he found that the wheels would keep right on turning as Judge Bittenger stepped forward and was sworn to try the case according to law. Clark said he was guilty of keeping a house of ill-fame and then followed a lot of testimony to try to prove that he wasn't guilty at all and that he didn't know what he was talking about.

Clark was eventually put on the stand and said that he was not exactly running a house of ill-fame but kept an "European hotel," and that he never required persons to show up their marriage certificates when they registered or when they didn't register. He got soaked for $30 and costs, which including $7 witness fees amounted to $47 net. Mr. Clark was up against it so he entered an appearance for the two girls, who were fined $15 each, making $25 apiece.

"Who pays these girls' fines?" asked the judge.

"I do," said the affable Mr. Clark.

"Well do they have to pay it back to you?" insisted the judge.

"They do if they can earn it and I can get it," responded Mr. Clark.

"Oh! Well then I guess I'll cut them down to $10 apiece."

This was satisfactory all around and Mr. Clark deposited 87 simoleons on the cash counter.

Henry Weinbrunner, charged with associating said he was in the place when it was pulled but he didn't know what kind of a place it was, else he would not have gone in—in fact would have run at least ten blocks out of his way to pass it without getting caught. The judge said he believed him but that it would cost him exactly twenty bucks. Mr. Weinbrunner said he didn't feel like going to jail but thought he could find a friend who had the twenty. He was hustling when court adjourned.

Harry Johnson blushed slightly as he admitted that he knew exactly where he was at when arrested, had been there before and had no excuse to offer. He regretted having been pulled but said he couldn't help it, which statement was heartily endorsed by the arresting officers who nodded their heads approvingly as he gave this evidence of their prowess. Mr. Johnson had a man on tap who stayed the docket. Among the witnesses against Clark was S. A. Stein, the liquor dealer, who claimed his witness fees at the conclusion of the trial and drew his dollar. This dollar he promptly turned over to the Sentinel reporter with instructions to donate it to the Newsboys' union, which was done.

IN JUSTICES' COURTS.

Yesterday afternoon Frank Hilker filed two affidavits against Victor Spielman, one charging assault and battery and the other was a preliminary action for surety of the peace. On the assult and battery case the defendant entered a plea of guilty and was fined $1 and costs, which he paid. The surety of the peace proceedings was continued. The trouble arose over a "friendly" game of poker, one of the post morten events of which was a "friendly" set-to with knives.

Mendal Frank, the Hanna street grocer, has trouble piled up around him in layers. Mrs. George Ebner, wife of a Pennsylvania railroad man, has filed four affidavits against Frank, one of which charges provoke, another charges Frank with selling liquor on Sunday, another selling liquor to minors and still another alleging that he violated the Nicholson law in allowing persons other than of his immediate family in his saloon on Sunday and during other prescribed hours. All the cases are in Bullermann's court and the hearing set for this afternoon.

Some days ago Al Keck filed an affidavit against Frank Bryant for trying to cave in his head with a billiard cue. Keck was sent to jail to be held as a witness and yesterday Bryant entered a plea of guilty, paid a fine of $1 and costs and Keck is again mingling with the world.

DEATHS AND FUNERALS.

RANK.

Ezra Rank, 56 years of age, died Monday night at his home in St. Joseph township after a protracted illness from heart disease. Mr. Rank was the youngest son of Mrs. Mary Rank, who died in August last at the age of 101 years. He was born at sea in 1844, while his parents were emigrating from England to America.

Mr. Rank never married, but made his home with his sister, Miss Tamer, and their mother, until the death of the latter. During the civil war Mr. Rank served as a private in company E, 142d Indiana volunteers, and he was a member of General Lawton post, Grand Army of the Republic. The immediate saving relatives are the sister, Miss Tamer, and a brother, Eli Rank, who resides on Brooklyn avenue.

Funeral services will be held Thursday afternoon at 1:30 from the residence and at 2 o'clock from St. Joe chapel. The interment will be at the Parker cemetery.

THE MARKETS.

Chicago, March 25.—Indifferent cables and continued rains in the southwestern wheat country weakened grains at the opening today. May wheat started ¼@⅜c to ⅜@½c lower at 72c to 71⅞c, but it only met an active demand from commission houses and strengthened to 72⅜@72½c. Trade for a time was heavy and there was considerable covering. Offerings were fair, but were well taken. Later the pit turned quiet and May slid off and steadied around 72¼c. Local receipts were 81 cars, 3 of contract grade. Minneapolis and Duluth receipts were light at 293 cars, making a total for the three points of 374 cars, against 434 last week and 505 a year ago.

Trading in wheat was quiet. May dipped again to 72c with corn, but recovered and on a demand for the short accounts sold up to 72⅜c. May closed steady, a shade under, at 72¼c.

May corn opened ⅜@½c to ½@⅝c lower at 58¼c to 58⅛c in sympathy with wheat and on the warmer weather in the stock country. There was heavy early buying, however, of excellent character and corn had an upturn to 58⅜c. For a time the demand was strong, but later offerings were liberal and after prices fluctuated uneasily for a time May eased to 58¼@58⅜c and steadied. Local receipts were large at 203 cars, but were for two days.

Corn was for sale in liberal quantities in the first hour of trade. May sold down to 58c, recovered some of the loss later, but closed weak, ⅜c lower, at 58¼@58⅜c.

Oats were lower at the opening following other grains, but the trade was quiet. On the early upturn in corn May advanced to last night's closing price, 42½c, but later offerings again eased the market to 42¼c. Receipts were 225 cars.

Provisions maintained their active strength again during the early hour. There was an opening tendency toward lower prices on liquidation for profits, but the strength in the hog market and a continued demand for cash products upheld prices fairly. May pork opened 5c lower to 7½c higher at $15.90 to $16.02½, eased to $15.87½ and reacted to $16.05; May lard started 5c down to unchanged at $9.65 to $9.70, and May ribs 2½@5c lower at $8.75 and sold to $8.80.

THE CLOSE.

Prices at the close were as follows:

Wheat—March, 71c; May, 72¼c; July, 73@73⅛c; Sept., 73@73⅛c; Dec., 74⅜c.

Corn—March, 57¼c; May, 58¼@58⅜c; July, 58⅞c; Sept., 57⅝c; Dec., 48½c.

Oats—March, 41⅜c; May, 42⅜c; July, 34¼c; Sept., 28⅞@29c; Dec., 29½c.

Pork — March, $15.80; May, $15.92½; July, $16.07½.

Lard—March, $9.55; May, $9.62½; July, $9.72½; Sept., $9.82½@9.85.

Ribs — March, $8.67½; May, $8.72½; July, $8.82½@8.85; Sept., $8.92½@8.95.

Flax—Cash N. W., $1.72; S. W., $1.68; May, $1.72.

THE DAY ON WALL STREET.

New York, March 25.—Opening prices were irregular, but the more important stocks were lower. Evansville and Terre Haute broke 4⅜ on a sale of 500 shares, but immediately rallied 2 points. There was heavy liquidation in the Readings, the common losing a large fraction. Anaconda fell nearly a point, but Amalgamated Copper was inclined to advance after fluctuations. Sugar lost 1⅜.

Sugar was taken by the shorts on the decline and it recovered to above 132, but did not hold. Gains of about a point were made in Pacific Coast first preferred, Corn Products and Rutland preferred, while Evansville and Terre Haute rallied 3 from the lowest and New Jersey Central rose 2. Amalgamated, Colorado Fuel and Tennessee Coal lost a point, as did also Reading common and second preferred, Chicago, Indianapolis and Louisville, General Electric and Wheeling and Lake Erie. Some large individual blocks of the United States Steel and Reading stocks were sold. Railroad stocks became heavy, but did not suffer much aside from St. Paul, which fell off ¾. Near 11 o'clock prices hardened with Manhattan rising a point. General Electric rallied 1½.

Brooklyn Transit followed Manhattan's rise with a gain of a point, but the temporary improvement in other leaders was checked by renewed selling of Reading, Colorado and Southern and some recently strong specialties. Prices quite generally ruled at the lowest of the morning and there were free offerings of the trans-continental stocks. Declines reached between 1 and 2 points in Chicago Terminal Transfer, Colorado and Southern common and second preferred, the Chicago and Northwestern stocks, St. Paul, Hocking Coal, Great Northern preferred, New York, Chicago and St. Louis, Pittsburg, C., C. & St. Louis preferred, Wells Fargo, Consolidated Gas, Delaware and Hudson, American Ice preferred and Evansville and Terre Haute preferred. North American made a gain of 2¾ and United States Express and American Bicycle preferred showed strength.

Bonds were irregular. Wabash debenture B's were forced down 1⅛ on large sales.

MEDICAL COLLEGE ALUMNI MEETING TODAY.

College Amphitheatre Scene of Gathering—Commencement and Banquet Tonight.

The annual meeting of the alumni of the Fort Wayne College of Medicine was held this afternoon in the college amphitheatre and the attendance of former graduates of the college was large. President E. V. Hall presided and delivered the annual address.

A history of the college was read by Dr. C. B. Stemen, who is the dean, after which the following papers were read: "An Unusual Complication During Labor," by Dr. S. Koontz, of Roanoke; "Tuberculosis," by Dr. J. C. Pence, of Lima, Ohio; "Infections of the Puerperum," by Dr. Effie L. Lobdell, Chicago; "Systematic Effect of Diplococcus of Neiser," by Dr. C. E. Thomas, of Leesburg; "The First Six Weeks of Infancy," by Dr. M. L. Hines, of Warsaw; "Reports of Two Cases," by Dr. Alice B. Williams, of Columbia City; "A Few Snake Stories," by Dr. W. F. Carver, of Albion.

There were short discussions of each paper and at the conclusion of the program the annual election of officers was held, and other business matters were considered.

The commencement exercises of the college will be held this evening in Westminster Presbyterian church, after which the annual alumni banquet will be served at the Aveline hotel. The guests will be the college alumni and their wives, the college faculty and the graduating class. Dr. J. C. Pence will be symposiarch and the following toasts will be responded to:

BOYS WANT A ROOM.

President Phelps, of the Newsboys' union, reports that the recent benefit entertainment at the Temple netted the union about $75. Of this amount about $25 will be expended to procure new badges for the members and the balance will be placed in the treasury. President Phelps is now looking about for a suitable room to be used as headquarters and suitable for a cheap sort of gymnasium for the boys. He wants to find a place convenient to the down town district where the boys will not disturb any adjacent tenants and where they can enjoy themselves in their own way. He would be pleased to receive suggestions or information at his stand at the south end of the Arcade at any time.

THE OLD NATIONAL BANK
Southwest Cor. Calhoun and Berry.
Will Sell You the American Express Company Travelers' Cheques.

THESE CHEQUES are more available, economical and satisfactory than any other form of Travelers' Credit.

They are issued in denominations of $10, $20, $50, $100 and $200, with foreign money values printed thereon.

TRAVELERS will save time and avoid delays by the use of these cheques, for the reason that they are received by the principal hotels, steamship companies, merchants, shop-keepers and others in settlement of accounts, making it unnecessary to visit banks to obtain funds for such expenses.

If you are thinking of going abroad, or traveling in this country, it would be to your advantage to call upon us and obtain further information regarding the many ways that are provided to make traveling agreeable, restful and free from anxiety.

It took a long time to do it, but what the Cuban court finally did do to Neely, Rathbone and Reeves was plenty with some to spare.

President Roosevelt at first wanted 40 per cent reduction of tariff duties on imports from Cuba. He now declares he will be satisfied with 20 per cent and intimates that he will feel mighty good if he gets that. The republican "insurgents" in the house seem to be merely complaisant, not conquered.

Kansas refuses to vacate her position as the cyclone center. Gen. Fred Funston has no sooner subsided than Carrie Nation's followers begin a rawhide campaign against recreant officials who wink at the dives. The scheme of punishment which was inaugurated with the horsewhipping of the mayor of Topeka for sublime audacity rather overlays anything of the sort the records can furnish. From the governor down the state officials were booked for hastings and the fact that gives a sensational glow to the affair is that Kansas women are equal to the undertaking. Mrs. Nation's apparent subsidence was only an Apache truce. She was framing a program that for strenuousness makes her joint-smashing exploits look like child's play.

At first thought the penalties inflicted by the Cuban court on Neely, Rathbone and Reeves, the postal embezzlers, may seem unduly severe if not altogether excessive. Each gets ten years' imprisonment, with over $50,000 fine assessed in Neely's case and over $35,000 in each of the others. But when the nature and circumstances of their offenses are called to mind the general verdict must be that these men have not been dealt with more harshly than justice demands. Their offenses were peculiarly outrageous. They not only robbed the Cubans on a gigantic scale, but they involved the whole government of the United States in the disgrace of their thievery. This government had temporarily taken over the government of Cuba and its good faith was solemnly pledged to honest and beneficent administration of Cuban affairs. The crimes of Neely and the others were well calculated to impress the Cubans with the belief that the United States had only driven out one set of robbers and oppressors to supplant them with her own. The punishment inflicted by the audencia court at Havana is therefore to be commended. Good, stiff, honest justice has been meted out to a trio of rascals who have no claim to leniency.

Henry Watterson has come to a decision concerning the trend and purpose of the administration. He sees military dictatorship, a far-reaching purpose to "Mexicanize" the government of the United States. He is not keeping the matter to himself, but has gone down to Washington to let off his thunder right under the big guns of the enemy. He calls on democrats to forget the past, to bury all differences and unite to carry the party in triumph against the dangers that threaten. Colonel Watterson's advice is good, in any event, "Mexicanization" or not.

The president will ignore General Miles' severe denunciation of the army staff bill, it is said. He ought to. In the first place, the general's opinions were solicited by the senate committee and whatever they were the general had undoubted and proper right to give them expression. Further, the president is not likely to help himself or hurt General Miles in the opinion of the public by seeking to put the grizzled old warrior under the ban of displeasure that is purposed to give him an appearance of disgrace. General Miles may be hard to get along with, but if that is so the fault can scarcely be his. He has too long been forced to keep himself in abeyance while subordinates perform the duties that are properly his own, a position exasperating, no doubt, to the lieutenant general commanding the army.

ABOUT THE CITY HALL.

At the meeting of the board of works yesterday afternoon resolutions were passed for paving Maumee avenue from Harmer street to Walton avenue; Main street from St. Mary's river west to the city limits; Van Buren street from Main to Jefferson; Columbia street from Calhoun to Barr and Maiden Lane from Main to Berry. Against the Van Buren street and Maiden Lane improvements remonstrances had been filed, but they were not of sufficient strength to prevent the passage of the resolutions for the much needed improvements. On petition of Dr. Sites and others permission was granted to lay a cement sidewalk on the north side of Wayne street from Broadway to Van Buren under private contract; George Wilhelm was granted permission to lay a sidewalk on Huffman street and Franklin avenue as petitioned for; a petition for grading the alley between Maumee avenue and Summit street was filed and W. F. Graeter was heard in a petition to place the sidewalk on Jackson street on the west side, between Washington and Wayne streets, next to the curb instead of next to the property line, where it now is. Permission was deferred until it could be decided whether there would be a uniformity of improvement along the street on the same line. The board does not feel like making a crazy quilt out of the sidewalks on any street.

The board of works went out to inspect the condition of Nelson street from where complaints have been received concerning the condition in which the sewer contractors left the street after filling the sewer trench.

The council will meet in regular session this evening. There is no important business scheduled so far except the introduction of several ordinances, one of which is to regulate and license junkers.

Building permits have been issued to M. J. Maroney to build an addition to a house on Fourth street at a cost of $200; J. M. Griffith to build a barn to cost $400, a house on Lafayette street to cost $1,800 and a house on Dawson street to cost $2,500; John Bayer to remodel a house on Spring street at a cost of $400.

EDITORIAL

WAS IN PREVIOUS TROUBLE.

The Boswell (Benton county) Enterprise says:

"Wm. Fernbaugh, formerly of Chase, but now a resident of Arcola, near Fort Wayne, was arrested and placed in jail at the latter place March 11, charged with assault and battery with intent to commit murder. The assault took place the day before and was the result of a quarrel with his brother-in-law, Wm. E. Ambrose, over the payment of a threshing bill. In the clinch that followed Fernbaugh stabbed his brother-in-law in the back, the knife penetrating the wall of the abdomen, producing a probably fatal wound. Fernbaugh is the man for whom a warrant was issued last spring for wife-beating, but who escaped the officers. Later he became reconciled with his wife and moved to his father-in-law's farm near Arcola."

THIRTEEN WIVES

RAILROAD CONTRACTOR IS MUCH MARRIED.

IN JAIL AT ST. JOSEPH, MO.

ONE OF HIS VICTIMS WILL PROSECUTE HIM.

WIVES WIDELY SCATTERED

WILL BE TRIED BY JUSTICE WHO MARRIED HIM.

St. Joseph, Mo., March 25.—Christian Nelson, railroad contractor and horseman, alleged to have thirteen wives, is in jail here on the charge of bigamy, having just been brought from San Antonio, Texas, where he was arrested a few days ago. Nelson will be tried in St. Joseph, because one of the women most active in his prosecution was married to him in this city last September. This bride was Mrs. Mary A. Parker, of Plattsburg, Mo. Nelson admits having three wives, but says the other ten are myths. He is said to be wanted for bigamy in Chicago, San Francisco, Des Moines, New York, St. Paul, Sumter, S. C., and Conway, Ark. His preliminary trial will be held here before the same justice of the peace who solemnized his marriage with Mrs. Parker in September.

ONE OF THE VICTIMS.

Des Moines, Iowa, March 25.—Mrs. Dorothy Harvey, residing in Lake Park, this city, claims to be one of the alleged thirteen wives of Christian C. Nelson, who is now under arrest at St. Joseph, Mo., on a charge of bigamy. Nelson wooed and won her just a year ago. She was a widow forty-five years old. She says Nelson represented to her that he was a wealthy horseman and desired to take her to his big stock farm in the east. To accommodate him she sold her home, worth $3,000, for half this sum and entrusted the money to him. He departed ostensibly to buy a span of horses and was never again heard from.

LAST WIFE PROSTRATED.

Fort Scott, Kans., March 25.—Mrs. A. F. Milburn, the most recent wife of C. C. Nelson, the alleged bigamist who was arrested in San Antonio recently, while on his wedding trip with her, has just returned from San Antonio and is prostrated.

Her family has given out a statement declaring that she would prosecute Nelson if the Missouri authorities release him.

Steady-Strength-Sleep.

THESE ARE THREE WORDS TO CONJURE WITH—THEY ARE CLOSELY CONNECTED WITH DR. A. W. CHASE'S NERVE PILLS. SO SAYS A FORT WAYNE CITIZEN.

Steady nerves, refreshing sleep, renewed strength—these are a trio that practically control the enjoyment of life—they are the keystone of the arch perfecting manhood and womanhood to the fullness of life.

Mrs. B. Meeks, of No. 71 3rd St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street, gave me restful sleep, quieted and steadied my nerves and gave me good general strength, three things I lacked badly. The results obtained were so good I feel I should recommend them to others."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ROME CITY RATES

GRAND RAPIDS WILL PUT SUMMER SCHEDULE ON.

CONDUCTOR HORTON INJURED

KNOCKED DOWN AND HIS FOOT CRUSHED LAST NIGHT.

DISPUTE OVER A CROSSING

WABASH BLOCKS RAILWAY PROJECT AT PERU.

It will be welcome news to fishermen to learn that the Grand Rapids and Indiana company has decided to put summer rates to Rome City into effect next Tuesday, April 1. The Sunday fifty-cent rates will not go into effect until later in the season, but this rate will be made as soon as there is a demand to warrant it. Fishing at Rome City will be better the coming year, it is believed, than it has been for the past half-dozen years.

GEORGE HORTON HURT.

George Horton, a yard conductor at the east yards, was run down by a car at 10 o'clock last evening and severely injured. He was standing between the rails of a track near the Piqua road, ready to throw a switch as soon as some cars had passed, when a car on another track struck him and threw him down. He fell outside the rails, but the front truck caught his right foot and passed over it, breaking the bones of the leg above the ankle and cutting the foot in a bad way. A wheel also caught and pinched his right arm, but luckily the bone was not broken. Mr. Horton was placed in the cab of a switch engine and brought to the depot, from whence he was taken to St. Joseph hospital in the city ambulance. Dr. Stemen attended the unfortunate fellow. While his injuries are severe, it is possible that the foot can be saved. Dr. Stemen will make an effort in that direction, but cannot at this hour make a prediction as to the result.

CLERKS PROMOTED.

On account of two or three resignations and because of merit in the men affected, Agent E. H. Kirkland, of the Pennsylvania freight department, will make a number of changes in his clerical force. Mr. Hofferbert and Spencer Wallace have resigned, as previously stated, and the following have been changed about so as to give each a promotion: Clarence Smith, E. C. Gouty, J. D. Houck, W. A. Stevens, H. Weismantel and E. E. Wisely. To fill the vacancies E. L. Haffner, G. Glutting and Emil Bott were hired.

RETURNS TO OLD EMPLOYER.

After a two or three months' absence from the city, Charles Damon has returned here and this morning took a position at the Bass shops and was assigned for the present to the machine room. For a number of years Mr. Damon was stationary engineer at the Bass machine shop, quitting that place to take service elsewhere.

PUTTING ON WORK TRAINS.

The Pennsylvania put a work train into service at Plymouth yesterday, with Conductor Charles Ginty, Flagman Thomas and Brakeman Howard as the crew. Other work trains will be placed into service in a few days, both east and west of this city.

AUXILIARY ENTERTAINMENT.

The Ladies' Auxiliary to Friendship lodge No. 70, Machinists' union, is arranging to give an entertainment at the hall, 138 Calhoun street, Thursday evening, April 17. This association was recently organized and the coming entertainment is the first important public event undertaken by them. The ladies have enterprise, however, and will make a success of the entertainment. The chief features will be progressive pedro and dancing.

QUARRELING OVER CROSSING.

The Wabash is engaged in an effort to prevent the Cincinnati, Richmond and Muncie company from putting in a grade crossing two miles west of Peru. Yesterday two large locomotives were derailed, one on each side of the Wabash tracks. Two short spurs were constructed, one on each side of the tracks, and on these engines 777 and 759 were run out and set squarely on the line of the proposed crossing on the ground. This work was witnessed by General Roadmaster A. B. Adams, Trainmaster C. E. Wells and Division Roadmaster Whitehead and about 300 citizens of Peru, the latter being attracted by the report that the Cincinnati, Richmond and Muncie was going to force a crossing and a fight would probably result.

RELIEF DISBURSEMENTS.

During the month of February the Pennsylvania Voluntary Relief association disbursed among disabled and sick members and the heirs of dead members $18,603.95, divided as follows: Deaths by accidents, $2,000; deaths from sickness, $4,500; disablement from accidents, $5,650.75; disablement from sickness, $6,453.20.

CORNER ON WHITE PINE.

The seasoned white pine lumber of this section of the country is in the hands of two or three firms in Chicago, who are inclined to put prices up to a point a third higher than prevailed last summer. White pine is used almost exclusively in the manufacture of doors and sash and some of the manufacturers of these products are having great difficulty in securing stock sufficient to keep their factories going. One dealer said he was compelled to place an order with the Chicago people for lumber that he formerly got direct from the mills and consequently had to put up a good stiff price for it.

FELLOW SERVANTS DEFINED.

St. Louis, Mo., March 25.—The United States court of appeals, in a decision affirming the opinion of a lower court in the case of Warren G. Furry, a fireman, who sued the St. Louis and San Francisco railway and secured a verdict awarding him $16,000 damages for injuries received in a collision caused by the failure of an operator to deliver an order, held that the operator and firemen were not fellow servants according to the Arkansas statutes. Judge Thayer, who gave the opinion, found they were not fellow servants, as they were not working together for a common purpose, their work being of a different character, and they were only brought together casually. This was agreed to by Judge Caldwell, but Judge Sanborn gave a dissenting opinion, holding that the operator and fireman were fellow servants according to the statutes of Arkansas, the terms department and service being interchangeable and having the same meaning, and that the judgment should be reversed.

NEW GATE WATCHMAN.

Capt. H. Stoll has appointed August Bandelier night gateman at gate No. 1 at the Pittsburg shops, to succeed Peter Spanley, promoted. Mr. Bandelier has been employed at the coal docks for fourteen years and is a very honest and conscientious employe. He is minus a leg, but gets about upon an artificial limb so actively that even his fellow workmen did not know he was crippled.

O. L. WILMOT IMPROVING.

O. L. Wilmot, former stenographer at the Bass works and an expert in that line, is being restored to health at Lawrence, Kas., where he went two months ago. Mr. Wilmot was sorely afflicted physically when he left this city and his friends will welcome the news of the improvement that has taken place during his short stay in the west. Mr. and Mrs. Wilmot are stopping with Prof. H. B. Newsom, a relative of the lady, at Lawrence.

THEY CHOOSE THE WABASH.

Local Mystic Shriners have received notice from Murat Temple at Indianapolis that the Wabash will be the official route for the Shriners on the occasion of the national assembly in California June 2 to 8. It is expected that there will be several Fort Wayne people in the party which will leave this state for the Pacific coast on that occasion.

INDUSTRIAL NOTES.

Nickel Plate Engineer B. Fullerton is sick and off duty.

Frederick Fritch, ticket agent at Defiance, of the Wabash, succeeds Mr. Hall at Toledo.

James Roche, who had a foot badly injured some days ago, reported for work at the Pittsburg blacksmith shops this morning. He is still quite lame, but believes he can perform the work.

J. M. W. Ehrmann, a car builder at the east car shops, is sick.

William Szink, of the Wabash smith shop, is sick and off duty.

Pittsburg Conductor T. J. Sarver, who was sick several days, reported for duty this morning.

Nickel Plate Fireman H. F. Pierce was initiated into A. G. Porter lodge, B. of L. F., last night.

Samuel Wagoner, foreman of the Wabash coal docks, is visiting his family in Andrews for a few days.

Machinist and Mrs. William Hosey went to Chicago this morning to do some shopping and visit friends.

William Baughman has resigned a position at the Electric works to take a position with Mossman, Yarnelle & Co.

Supt. S. K. Blair, of the Nickel Plate, went to Chicago this morning on business connected with the railway.

E. P. McClain has been appointed traveling auditor of the Pittsburg and Lake Erie, succeeding James F. Lane, resigned.

T. W. Morton, freight agent of the Mexican National, was in the city today in the interests of the company he represents.

There was a train of immigrants through the city, over the Nickel Plate, last night. The people are en route to the northwest.

Nickel Plate Fireman W. A. Currie, who had a leg burned two weeks ago, has recovered and has resumed his duties on the road.

W. A. Ury, a fireman on the Pittsburg road, was injured while out on his run yesterday and will be unable to work for a few days.

Chief Car Inspector W. W. Todd and Inspector Adam LaMar, of the Pittsburg, are in the east today on business for the company.

The Nickel Plate is storing coal north of its coal elevator, in the west yards. This is made necessary by a scarcity of coal cars.

R. St. John has tendered his resignation as agent of the Nickel Plate fast freight line at Toledo, and been succeeded by Charles Bromley, of Cleveland.

Planing Mills Foreman J. R. Kretsinger, of the Pittsburg, is sick. A. Herr and M. K. Griffith are also sick and H. Rohrback is looking after private business.

George T. Ladd and J. E. Noble, traveling salesmen for the Bass company, left last night, the former for Pittsburg and the latter for Chicago, in the interest of the firm.

A pillow block which weighs over twenty tons left the Bass works this morning for Monessen, Pa., where it will replace a broken block under an immense rolling mills engine.

A Pittsburg paper says the railroad bridge work now in progress at that point and its immediate vicinity will keep three thousand bridge builders busy for more than a year.

The Mexico touring party which was to pass through this city tomorrow en route home, over the Pittsburg road, will not arrive here until Friday. Their train has been delayed by a wreck in Mexico.

F. L. Reynolds, of the Fort Wayne Electric works, had as a guest over Sunday his brother, William Reynolds, of Youngstown, O., who is known professionally as "Rosaire." The visitor is a noted slack wire performer.

Joseph Hoffman, for forty years car inspector at the Union station, Cleveland, O., was buried yesterday. He was a German, the father of ten children, nineteen grandchildren and two great grandchildren.

Chief Clerk Charles M. Jones, of the Pittsburg freight house, is again quite ill with stomach trouble and has been unable to report at the office for several days. Mr. Jones was sick three or four months last summer.

Agent E. H. Kirkland, of the Pittsburg, is moving his household goods and family from 330 West Wayne to 50 West Wayne today. The new home is one of the Pottlitzer houses, between Harrison and Webster streets.

With a face as radiant as an electric headlight, telling of the great joy within, Martin Travers passed the cigars among his fellow workmen at the Pittsburg shops this morning, accompanying each smoker with the remark that "it's a boy."

Peru Chronicle: "Wabash Engineer Ed Shirbondy has been transferred to a run out of Fort Wayne and is preparing to move to that city at once. Mr. and Mrs. Shirbondy will be greatly missed by a large number of friends in the city."

An agreement has been reached between the senate committee and the Pennsylvania Railroad company for plans for the new Union station at Washington. D. H. Burnham, the architect, estimates the cost of the new station will be $5,000,000. The architecture will be of the Roman style.

The Baltimore and Ohio has built a locomotive coaling station at King's mines, Newark, O., which is supplied by means of a cableway operated between the station and the mines, over 1,000 feet distant. The tenders are filled from the mines, the ashpan is cleaned, and by an ingenious device the ashes are lifted into the receptacle and dumped into a car on a side track, one man handling the entire plant.

The Grand Rapids and Indiana road has begun operations in its gravel pit just northwest of Richmond, Ind., for the season. It is the intention to gravel the main road in one place for a distance of fifteen miles between Richmond and Fort Wayne. A new steam shovel is in use and the gravel is to be unloaded by means of a wire cable attached to a large double-shared plow and pulled the length of the train by a locomotive while the cars are standing.

Ernest Baade, a nephew of Ernest Heuer, of the Wabash shops, who was expected to arrive in America on the steamer Kaiser Wilhelm over a week ago, but failed to put in an appearance, has been heard from. He was taken with lung fever the day previous to the one set for his departure from Bremen and was unable to make the start. He is getting better and will take the first opportunity to sail for this country as soon as he can stand the trip.

E. G. Hayden, of Cleveland, traveling passenger agent of the Chicago, Milwaukee and St. Paul road, was in the city today, calling upon the various local agents and prospective travelers in the interest of the company. The St. Paul road has put its new headlight system in operation on its passenger trains. This light is the most powerful headlight ever placed upon an engine. Besides lighting the track for rods ahead of the train, a ray of light is sent aloft which can be seen for many miles.

SCHOOL GIRLS.

School girls are proverbially pretty. Fact is, it's a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale drawn faces—a dullness and lack of freshness which tells a plain story of thin blood.

Now this is not right. But Scott's Emulsion can make it right. Scott's Emulsion is what these pale girls need. Scott's Emulsion brings back the beauty to their faces because it is blood food.

INFLUENCE

MENTAL AND MORAL.

The state of the mother during gestation may influence the whole future of the child. It is highly important that pregnant women meet the issue with calm composure and with as little pain as possible. Animals of the lower kingdom require no outside aid to undergo painless gestation and delivery of young, for they are not physically hampered or deformed by dress.

Women suffer agonies when with child, unless they make use of the discoveries of art and science that counteract the effect of dress follies. To-day in every drug store there is one liniment sold at $1 per bottle, which excels in virtue and safeness any like remedy, to be applied externally by hand once a day on the skin in the region of the uterus. It is not a drug for you to swallow. It is Mother's Friend, so named because it has never failed to give comfort and ease to any woman who ever used it in motherhood.

Mince Meat Comparison

NONE SUCH MINCE MEAT

(1) **Clean.** Sold in air-tight, water-proof cardboard cartons. Tempts the appetite.

(2) **Economical.** 10 cents a package, making 2 large pies. It equals 2½ pounds of "wet" mince meat. Add the water yourself—**don't pay for it.**

(3) **Convenient.** Being "compressed" it takes up very little room on the shelf, and is put up in exact pie proportions.

(4) **Reputation.** Our name and 30 years' business standing is a guarantee.

SO-CALLED "WET" MINCE MEAT

(1) **Unclean.** Sold from open pails and sloppy tubs. Think of it!

(2) **Expensive.** Costs 8 cents to 15 cents a pound—½ the weight is water. At this rate "None Such" **should** cost 20 cents to 40 cents a package instead of only 10 cents.

(3) **Clumsy.** Has to be dished out in pans—takes up lots of room and you seldom have it on hand when wanted.

(4) **Unknown.** Do you know who makes "wet" mince meat? Is it guaranteed?

Moral: Always buy "None Such"

Any good grocer will supply you. Don't be deceived or over-persuaded by "wet-goods." We can tell you a dealer that will supply you if yours will not. Write us. Valuable premium list of "1847 Rogers Bros." silverware in packages. Beware of packages imitating "None Such."

It took a long time to do it, but what the Cuban court finally did do to Neely, Rathbone and Reeves was plenty with some to spare.

President Roosevelt at first wanted 40 per cent reduction of tariff duties on imports from Cuba. He now declares he will be satisfied with 20 per cent and intimates that he will feel mighty good if he gets that. The republican "insurgents" in the house seem to be merely complaisant, not conquered.

Kansas refuses to vacate her position as the cyclone center. Gen. Fred Funston has no sooner subsided than Carrie Nation's followers begin a rawhide campaign against recreant officials who wink at the dives. The scheme of punishment which was inaugurated with the horsewhipping of the mayor of Topeka for sublime audacity rather overlays anything of the sort the records can furnish. From the governor down the state officials were booked for bastings and the fact that gives a sensational glow to the affair is that Kansas women are equal to the undertaking. Mrs. Nation's apparent subsidence was only an Apache truce. She was framing a program that for strenuousness makes her joint-smashing exploits look like child's play.

At first thought the penalties inflicted by the Cuban court on Neely, Rathbone and Reeves, the postal embezzlers, may seem unduly severe if not altogether excessive. Each gets ten years' imprisonment, with over $50,000 fine assessed in Neely's case and over $35,000 in each of the others. But when the nature and circumstances of their offenses are called to mind the general verdict must be that these men have not been dealt with more harshly than justice demands. Their offenses were peculiarly outrageous. They not only robbed the Cubans on a gigantic scale, but they involved the whole government of the United States in the disgrace of their thievery. This government had temporarily taken over the government of Cuba and its good faith was solemnly pledged to honest and beneficent administration of Cuban affairs. The crimes of Neely and the others were well calculated to impress the Cubans with the belief that the United States had only driven out one set of robbers and oppressors to supplant them with her own. The punishment inflicted by the audencia court at Havana is therefore to be commended. Good, stiff, honest justice has been meted out to a trio of rascals who have no claim to leniency.

Henry Watterson has come to a decision concerning the trend and purpose of the administration. He sees military dictatorship, a far-reaching purpose to "Mexicanize" the government of the United States. He is not keeping the matter to himself, but has gone down to Washington to fire his thunder right under the big guns of the enemy. He calls on democrats to forget the past, to bury all differences and unite to carry the party in triumph against the dangers that threaten. Colonel Watterson's advice is good, in any event, "Mexicanization" or not.

The president will ignore General Miles' severe denunciation of the army staff bill, it is said. He ought to. In the first place, the general's opinions were solicited by the senate committee and whatever they were the general had undoubted and proper right to give them expression. Further, the president is not likely to help himself or hurt General Miles in the opinion of the public by seeking to put the grizzled old warrior under the ban of displeasure that is purposed to give him an appearance of disgrace. General Miles may be hard to get along with, but if that is so the fault can scarcely be his. He has too long been forced to keep himself in abeyance while subordinates perform the duties that are properly his own, a position exasperating, no doubt, to the lieutenant general commanding the army.

ABOUT THE CITY HALL.

At the meeting of the board of works yesterday afternoon resolutions were passed for paving Maumee avenue from Harmer street to Walton avenue; Main street from St. Mary's river west to the city limits; Van Buren street from Main to Jefferson; Columbia street from Calhoun to Barr and Maiden Lane from Main to Berry. Against the Van Buren street and Maiden Lane improvements remonstrances had been filed, but they were not of sufficient strength to prevent the passage of the resolutions for the much needed improvements. On petition of Dr. Sites and others permission was granted to lay a cement sidewalk on the north side of Wayne street from Broadway to Van Buren under private contract; George Willhelm was granted permission to lay a sidewalk on Huffman street and Franklin avenue as petitioned for; a petition for grading the alley between Maumee avenue and Summit street was filed and W. F. Graeter was heard in a petition to place the sidewalk on Jackson street on the west side, between Washington and Wayne streets, next to the curb instead of next to the property line, where it now is. Permission was deferred until it could be decided whether there would be a uniformity of improvement along the street on the same line. The board does not feel like making a crazy quilt out of the sidewalks on any street.

The board of works went out to inspect the condition of Nelson street from where complaints have been received concerning the condition in which the sewer contractors left the street after filling the sewer trench.

The council will meet in regular session this evening. There is no important business scheduled so far except the introduction of several ordinances, one of which is to regulate and license junkers.

Building permits have been issued to M. J. Maroney to build an addition to a house on Fourth street at a cost of $200; J. M. Griffith to build a barn to cost $400, a house on Lafayette street to cost $1,800 and a house on Dawson street to cost $2,500; John Bayer to remodel a house on Spring street at a cost of $400.

An Electric Belt Free

Send Your Application At Once To The Physician's Institute.

They Will Send You Absolutely Free One of Their 100 Guage Supreme Electric Belts, the Belt Which Has Made so Many Wonderful Cures—You Needn't Send Even a Postage Stamp, Just Your Name and Address.

Seven years ago the State of Illinois granted to the Physicians' Institute of Chicago a charter. There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any number of specialists acting independently could do, so the State itself, under the powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would make them well and strong.

Ever since its establishment this institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

Three years ago, the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it reached that stage of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agents in the cure of rheumatism, lumbago, lame back, nervous exhaustion, weakened or lost vital functions, varicocele, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—100 guage—there is no better electric belt made and no better belt can be made. Whenever in the opinion of our staff of specialists this wonderful curative and revitalizing forces of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts. It is not sent on trial, it is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write today for this free "Supreme Electric Belt" to the Physicians' Institute, 1419 Masonic Temple, Chicago, Ills.

A STUDY IN EVOLUTION.

The Distributing Point of Human Energy.

Scientists tell us that man was primarily a stomach, and that the process of evolution has developed legs to carry this stomach from place to place, arms to work for it and protect it, brains to think and plan for it. Whether this theory is true or not, one thing is certain—the stomach is the very center and fountain head of human energy and vitality. The great bunch of nerves that center at the stomach, "the great unconscious brain," as it is called, directs all the unconscious functions of the body—such as breathing, sleeping, walking the circulation of the blood, the movements of the liver and the bowels and all the thousand and one functions—obscure, but vastly important—of the human body. And this great storehouse of power, this dynamo of electrical energy, depends for life on the health of the stomach. Do you think, then, that it will pay to neglect the stomach? There is nothing so closely resembling suicide as the wilful neglect of the stomach. The pains of a lagging, tired stomach are called dyspepsia. It's merely a method the stomach has of calling attention to its weakened and enfeebled condition. To neglect this call is fatal. Peptorene, the Health Tablet, is for the stomach. It relieves that weary, dragging sensation at the stomach, gives new life and energy to the blood, and calls forth the saliva and gastric juice and other digestive agents. It also furnishes that necessary agent, pepsin, the lack of which will quickly ruin the strongest digestive organs. If your stomach is calling for help, give it Peptorene. This splendid tonic is the result of much careful research and cannot be too highly recommended.

A DISTRESSING TIME AT SEA

STEAMER NORD AMERICA HAD NO COAL OR FRESH WATER.

Forced to Put in at the Bermudas—The 1,300 Passengers Suffered Great Hardships.

New York, March 25.—With her coal and water supplies almost exhausted, the steamer Nord American has arrived here. She had been forced to put into Bermuda on her way from Genoa and Naples, much to the relief of her 42 cabin and 1,300 steerage passengers, who had lived for days in fear of disaster.

Among the passengers was Frederick Taylor, a fellow of the Royal Geographical society, who for the last sixteen months has been traveling in Borneo, Japan, China and Hawaii.

"We were but one day out from Naples when the first storm struck us," said Taylor. "The heavy sea washed over the vessel's decks. The ship had a small cargo and rolled heavily.

"The immigrants were lying all over the decks, exposed to the elements, and mothers with babes in their arms were drenched to the skin by the seas which kept breaking over the decks.

"On the night of March 18, the vessel was able to make small headway against the furious storm. Every sea that struck the ship shook her from stem to stern and the crying and wailing of the immigrants, who were panic-stricken, made it a night of horror for us all.

"The captain did his best to calm the immigrants' fears, but it was of no avail and after a consultation of the officers it was directed to steer for Bermuda. When the America reached Hamilton the coal had run short and the fresh water had nearly given out."

CARNEGIE SPURNS A CROWN.

Pittsburg, Pa., March 25.—Andrew Carnegie was once tendered the crown of Achilles I and the kingdom of Araucania in fee simple by the monarch, who died in Paris recently. Achilles sent Count De Belligarde, his prime minister, to Andrew Carnegie with the proposition. For six weeks the count tempted the steel king with a title and a kingdom. He received considerable attention from the lord of Skibo from the fact that the land abounds in minerals, especially in iron ore. Mr. Carnegie thought seriously of possessing himself of the ore lands, but gave no thought to the title. The story was made public by an Australian lieutenant of engineers, who made a map of Araucania for Achilles I. Achilles wanted the map flashy and well colored. The engineer in telling the story said he discounted Joseph's raiment and the rainbow and received 50 cents a color, with double pay for extra heavy colors, which he worked in as double tints. Achilles wanted him to become his chief topographer, but the Australian took the money and came to Pittsburg, from which place he disappeared a few weeks ago.

APPEAL WILL BE TAKEN.

Elizabeth City, N. C., March 25.—The verdict that young Wilcox was guilty of the murder of Miss Nellie Cropsey seems to have met popular approval, though it was not considered probable, early Saturday, that the jury would so report. District Attorney Ward said Saturday he never looked for any verdict other than murder in the second degree. Lawyer Aydelett, for the defense, will enter an appeal on behalf of the prisoner. He will seek to set aside the verdict on the ground that it was not consistent with the evidence brought out in the trial. There is little prospect of the prisoner's paying the death penalty on the date set by Judge Jones. As the supreme court does not meet till next September, it is more than probable that it will be twelve months before the case is disposed of finally.

FIRST STATUE OF M'KINLEY.

New York, March 25.—The first statue of the late President McKinley has just been delivered in the plaster to a foundry at Providence, R. I., where it will be cast in bronze at once, and be ready to be unveiled at Muskegon, Mich., on Memorial day. The sculptor was well equipped for the undertaking, as he had made a bust of the late president and had all necessary measurements, which he had made at a sitting Major McKinley gave him.

CONVICTS BURNED TO DEATH.

Kosciusko, Miss., March 25. Five negro convicts made an attempt Saturday night to burn their way out of prison, burning the house down over their heads and cremating themselves. The men included Bob Fert, in for attempted assault; P. N. Newell, for robbing the mails; Timothy Culbertson, an escaped convict; Amos Raford, for assault and battery, and James Jones, for assault and battery. William McAfee and Frank Winters and wife, also convicts, were trusties and were not confined in the prison. The prisoners were let out to Robert Campbell, a county contractor, whose farm is sixteen miles west of this place, and it was there the fire occurred.

PATHETIC SCENE IN COURT.

Terre Haute, Ind., March 25.—Judge Stimson, in the superior court, found himself unequal to the duty of giving a 10-year-old boy to either his father or mother. The father and mother were divorced some months ago, and the mother remarried. She had the custody of the boy, but was not to take him out of the county. The father caused her to be summoned to court on the ground that she was about to take the child to another county, and Judge Stimson tried to learn from the little fellow with which parent he desired to live. When asked if he wanted to go with his mother he turned his pathetic and tear-stained face to the father, and when the judge asked him if he wanted to live with his father, he turned to his mother, and sobs prevented his uttering a word. Finally the court put each parent under bond to keep the boy within the jurisdiction of the court.

DUEL TO DEATH IN KENTUCKY.

Henderson, Ky., March 25.—A fatal shooting occurred at Corydon, this county, yesterday, in which Green W. Pritchett was killed and John Below, a farmer, fatally wounded. Bad blood existed between the two men over business and when they met on the streets yesterday Pritchett shot Below and Below Pritchett. With a bullet in his heart Pritchett fired a third shot at Below, but missed. Pritchett then fell and expired. Pritchett was one of the wealthiest men of this section. He was an extensive land owner and tobacco dealer. The coroner's verdict exonerated Below.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed three $1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1.00. Trial bottles free at Dreier & Bro.'s drug store.

GORKI IS UNDER THE BAN.

St. Petersburg, March 25.—It has been officially announced here that the election of Maxime Gorki to be an honorary member of the Academy of Sciences has been annulled. Gorki has been summoned to appear before a tribunal to answer for political offenses. Gorki was banished from the Russian capital years ago, and the newspaper with which he was connected was suppressed.

COULD NOT BREATHE.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by Oone Minute Cough Cure. One Minute Cough Cure is not a mere expectorant which gives only temporary relief. It softens and liquifies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." Meyer Bros. & Co.

REBELLION IS WIDESPREAD

THE UPRISING IN CHINA IS A SERIOUS AFFAIR.

Rebel Forces Now Number Many Thousands and They are Armed With Modern Rifles.

Victoria, B. C., March 25.—Marcus C. Hill, a Yokohama merchant, who arrived on the steamer Kaga Maru, is said to be carrying orders to New York for arms and ammunition for the rebels in South China.

Mr. Hill, in an interview, says that if the cable reports of the capture of six cities by the rebels is correct, the movement which is under Dr. Sunyatsen will be successful. Before leaving for America Mr. Hill saw the rebel leader and was told by him that 50,000 troops were ready to join the rebellion and would bring with them modern arms and ammunition. Recruits are flocking to the rebel standard and their hope is to reach the city of Canton. Here they expect to get sufficient ammunition and arms and treasure to carry on the rebellion which will eventually result in the overthrow of the reigning power in China. Dr. Sunyatsen believes the time opportune for the rebellion, the Chinese being dissatisfied with the foreign domination of the country.

THOUSANDS OF REFUGEES.

When the Kaga Maru left thousands of refugees were flocking into Kwang Tung in advance of the rebels and the following dispatch describes the conditions prevailing in Kwang Si:

"According to statements of refugees arrived at Kwang Tung from Nanning Fuh and Yulin Chow, the whole province of Kwang Si is in a state of revolution, the number of insurgents being estimated at 50,000. The various villages under the jurisdiction of Yulin Chow have been sacked and burned down. The imperialist section is devoid of influence. The insurgents are possessed of arms of the new model."

Since the return of the Chinese court to Pekin nine million taels, the aggregate sum of the tribute from different provinces, has been exhausted. It is reported that 250,000 taels was spent to pay the railway fees from Paoting to Pekin. The board of revenue is now at its wits ends to meet the crisis.

BATTLE WAGED ON ISLAND.

Manila, March 25.—Brigadier General W. O. Davis, stationed at Zamboanga, island of Mindanao, reports that a detachment of the signal corps, consisting of seventeen men, has been attacked by 200 Moros near Paran-Paran, Mindanao. The Moros captured the transportation of the detachment, including four pack mules. The United States transport Buford has arrived here. She has on board a detachment of the Twenty-seventh infantry, a squadron of the Eleventh cavalry and fifty pack mules.

PRACTICALLY STARVING.

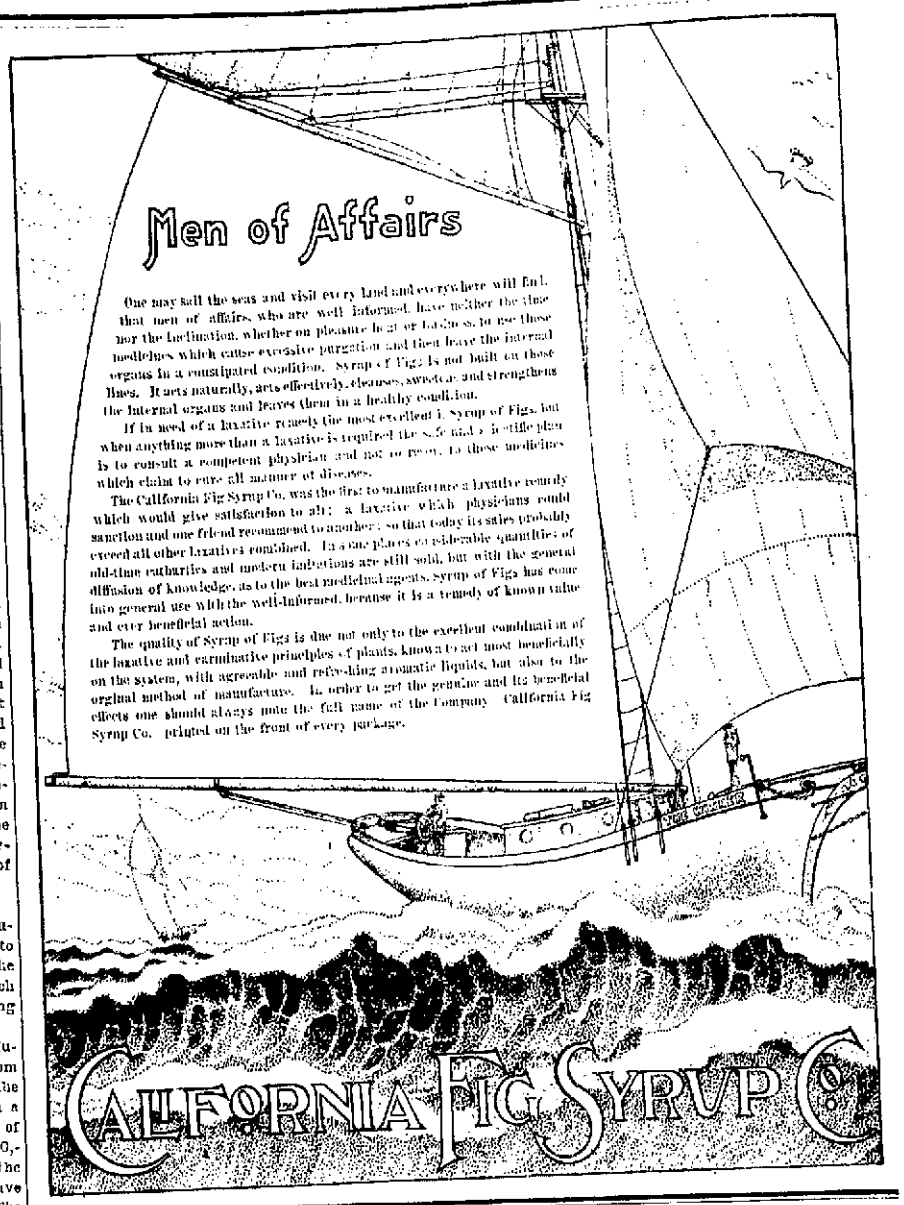
"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Meyer Bros. & Co.

STONED TO DEATH BY BOYS.

Hamilton, Ohio, March 25.—Francis Matlock, 12 years old, died suddenly at his home in Lindenwald yesterday afternoon and the police say he was stoned to death by playmates in a quarrel. He had been playing in a barn with Joseph Carr, Allie Stillwaugh, Frank Bartell and Edwin Henderson. Neighbors heard cries and went to the barn. The boys went home. Matlock told his parents that the other boys had stoned him. A few hours later he became sick and died. His body shows several bruises. Coroner Sharkey has begun an inquiry.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Dreier & Bro.



Men of Affairs
One may sail the seas and visit every land and everywhere will find that men of affairs, who are well informed, have neither the time nor the inclination, whether on pleasure bent or business, to use those medicines which cause excessive purgation and then leave the internal organs in a constipated condition. Syrup of Figs is not built on those lines. It acts naturally, acts effectively, cleanses, sweetens and strengthens the internal organs and leaves them in a healthy condition.
If in need of a laxative remedy the most excellent is Syrup of Figs, but when anything more than a laxative is required the safe and sensible plan is to consult a competent physician and not to resort to these medicines which claim to cure all manner of diseases.
The California Fig Syrup Co. was the first to manufacture a laxative remedy which would give satisfaction to all; a laxative which physicians could sanction and one friend recommend to another; so that today its sales probably exceed all other laxatives combined. In some places considerable quantities of old-time cathartics and modern imitations are still sold, but with the general diffusion of knowledge as to the best medicinal agents, Syrup of Figs has come into general use with the well-informed, because it is a remedy of known value and ever beneficial action.
The quality of Syrup of Figs is due not only to the excellent combination of the laxative and carminative principles of plants, known to act most beneficially on the system, with agreeable and refreshing aromatic liquids, but also to the original method of manufacture. In order to get the genuine and its beneficial effects one should always note the full name of the Company, California Fig Syrup Co., printed on the front of every package.

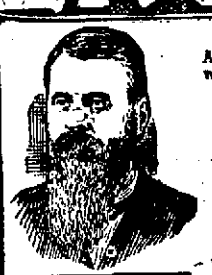
Liver Troubles



More than a purgative or "cathartic" laxative is needed in cases of liver trouble. A "corrective" laxative is necessary for permanent good results. Something that will arouse a sluggish liver to healthy action.

Dr. Caldwell's Syrup Pepsin

and Herb Laxative Compound

will quickly accomplish this desirable result, and then it's so pleasant in taste and action.

THESE ARE THREE WORDS TO CONJURE WITH—THEY ARE CLOSELY CONNECTED WITH DR. A. W. CHASE'S NERVE PILLS, SO SAYS A FORT WAYNE CITIZEN.

Steady nerves, refreshing sleep, renewed strength—these are a trio that practically control the enjoyment of life—they are the keystone of the arch perfecting manhood and womanhood to the fullness of life.

Mrs. B. Meeks, of No. 71 3rd St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street, gave me restful sleep, quieted and steadied my nerves and gave me good general strength, three things I lacked badly. The results obtained were so good I feel I should recommend them to others."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ROME CITY RATES

GRAND RAPIDS WILL PUT SUMMER SCHEDULE ON.

CONDUCTOR HORTON INJURED

KNOCKED DOWN AND HIS FOOT CRUSHED LAST NIGHT.

DISPUTE OVER A CROSSING

WABASH BLOCKS RAILWAY PROJECT AT PERU.

It will be welcome news to fishermen to learn that the Grand Rapids and Indiana company has decided to put summer rates to Rome City into effect next Tuesday, April 1. The Sunday fifty-cent rates will not go into effect until later in the season, but this rate will be made as soon as there is a demand to warrant it. Fishing at Rome City will be better the coming year, it is believed, than it has been for the past half-dozen years.

GEORGE HORTON HURT.

George Horton, a yard conductor at the east yards, was run down by a car at 10 o'clock last evening and severely injured. He was standing between the rails of a track near the Piqua road, ready to throw a switch as soon as some cars had passed, when a car on another track struck him and threw him down. He fell outside the rails, but the front truck caught his right foot and passed over it, breaking the bones of the leg above the ankle and cutting the foot in a bad way. A wheel also caught and pinched his right arm, but luckily the bone was not broken. Mr. Horton was placed in the cab of a switch engine and brought to the depot, from whence he was taken to St. Joseph hospital in the city ambulance. Dr. Stemen attended the unfortunate fellow. While his injuries are severe, it is possible that the foot can be saved. Dr. Stemen will make an effort in that direction, but cannot at this hour make a prediction as to the result.

CLERKS PROMOTED.

On account of two or three resignations and because of merit in the men affected, Agent E. H. Kirkland, of the Pennsylvania freight department, will make a number of changes in his clerical force. Mr. Hofferbert and Spencer Wallace have resigned, as previously stated, and the following have been changed about so as to give each a promotion: Clarence Smith, E. C. Gouty, J. D. Houck, W. A. Stevens, H. Weismantel and E. E. Wisely. To fill the vacancies E. L. Haffner, G. Glutting and Emil Bott were hired.

RETURNS TO OLD EMPLOYER.

After a two or three months' absence from the city, Charles Damon has returned here and this morning took a position at the Bass shops and was assigned for the present to the machine room. For a number of years Mr. Damon was stationary engineer at the Bass machine shop, quitting that place to take service elsewhere.

PUTTING ON WORK TRAINS.

The Pennsylvania put a work train into service at Plymouth yesterday, with Conductor Charles Ginty, Flagman Thomas and Brakeman Howard as the crew. Other work trains will be placed into service in a few days, both east and west of this city.

AUXILIARY ENTERTAINMENT.

The Ladies' Auxiliary to Friendship lodge No. 70, Machinists' union, is arranging to give an entertainment at the hall, 138 Calhoun street, Thursday evening, April 17. This association was recently organized and the coming entertainment is the first important public event undertaken by them. The ladies have enterprise, however, and will make a success of the entertainment. The chief features will be progressive pedro and dancing.

QUARRELING OVER CROSSING.

The Wabash is engaged in an effort to prevent the Cincinnati, Richmond and Muncie company from putting in a grade crossing two miles west of Peru. Yesterday two large locomotives were derailed, one on each side of the Wabash tracks. Two short spurs were constructed, one on each side of the tracks, and on these engines 777 and 759 were run out and set squarely on the line of the proposed crossing on the ground. This work was witnessed by General Roadmaster A. B. Adams, Trainmaster C. E. Wells and Division Roadmaster Whitehead and about 300 citizens of Peru, the latter being attracted by the report that the Cincinnati, Richmond and Muncie was going to force a crossing and a fight would probably result.

RELIEF DISBURSEMENTS.

During the month of February the Pennsylvania Voluntary Relief association disbursed among disabled and sick members and the heirs of dead members $18,903.95, divided as follows: Deaths by accidents, $2,000; deaths from sickness, $4,500; disablement from accidents, $5,650.75; disablement from sickness, $6,453.20.

CORNER ON WHITE PINE.

The seasoned white pine lumber of this section of the country is in the hands of two or three firms in Chicago, who are inclined to put prices up to a point a third higher than prevailed last summer. White pine is used almost exclusively in the manufacture of doors and sash and some of the manufacturers of these products are having great difficulty in securing stock sufficient to keep their factories going. One dealer said he was compelled to place an order with the Chicago people for lumber that he formerly got direct from the mills and consequently had to put up a good stiff price for it.

FELLOW SERVANTS DEFINED.

St. Louis, Mo., March 25.—The United States court of appeals, in a decision affirming the opinion of a lower court in the case of Warren G. Furry, a fireman, who sued the St. Louis and San Francisco railway and secured a verdict awarding him $16,000 damages for injuries received in a collision caused by the failure of an operator to deliver an order, held that the operator and firemen were not fellow servants according to the Arkansas statutes. Judge Thayer, who gave the opinion, found they were not fellow servants, as they were not working together for a common purpose, their work being of a different character, and they were only brought together casually. This was agreed to by Judge Caldwell, but Judge Sanborn gave a dissenting opinion, holding that the operator and fireman were fellow servants according to the statutes of Arkansas, the terms department and service being interchangeable and having the same meaning, and that the judgment should be reversed.

NEW GATE WATCHMAN.

Capt. H. Stoll has appointed August Bandelier night gateman at gate No. 1 at the Pittsburg shops, to succeed Peter Spanley, promoted. Mr. Bandelier has been employed at the coal docks for fourteen years and is a very honest and conscientious employe. He is minus a leg, but gets about upon an artificial limb so actively that even his fellow workmen did not know he was crippled.

O. L. WILMOT IMPROVING.

O. L. Wilmot, former stenographer at the Bass works and an expert in that line, is being restored to health at Lawrence, Kas., where he went two months ago. Mr. Wilmot was sorely afflicted physically when he left this city and his friends will welcome the news of the improvement that has taken place during his short stay in the west. Mr. and Mrs. Wilmot are stopping with Prof. H. B. Newsom, a relative of the lady, at Lawrence.

THEY CHOOSE THE WABASH.

Local Mystic Shriners have received notice from Murat Temple at Indianapolis that the Wabash will be the official route for the Shriners on the occasion of the national assembly in California June 2 to 8. It is expected that there will be several Fort Wayne people in the party which will leave this state for the Pacific coast on that occasion.

INDUSTRIAL NOTES.

Nickel Plate Engineer B. Fullerton is sick and off duty.

Frederick Fritch, ticket agent at Defiance, of the Wabash, succeeds Mr. Hall at Toledo.

James Hoche, who had a foot badly injured some days ago, reported for work at the Pittsburg blacksmith shops this morning. He is still quite lame, but believes he can perform the work.

J. M. W. Ehrmann, a car builder at the east car shops, is sick.

William Szink, of the Wabash smith shop, is sick and off duty.

Pittsburg Conductor T. J. Sarver, who was sick several days, reported for duty this morning.

Nickel Plate Fireman H. F. Pierce was initiated into A. G. Porter lodge, B. of L. F., last night.

Samuel Wagoner, foreman of the Wabash coal docks, is visiting his family in Andrews for a few days.

Machinist and Mrs. William Hosey went to Chicago this morning to do some shopping and visit friends.

William Baughman has resigned a position at the Electric works to take a position with Mossman, Yarnelle & Co.

Supt. S. K. Blair, of the Nickel Plate, went to Chicago this morning on business connected with the railway.

E. P. McClain has been appointed traveling auditor of the Pittsburg and Lake Erie, succeeding James F. Lane, resigned.

T. W. Morton, freight agent of the Mexican National, was in the city today in the interests of the company he represents.

There was a train of immigrants through the city, over the Nickel Plate, last night. The people are en route to the northwest.

Nickel Plate Fireman W. A. Currie, who had a leg burned two weeks ago, has recovered and has resumed his duties on the road.

W. A. Ury, a fireman on the Pittsburg road, was injured while out on his run yesterday and will be unable to work for a few days.

Chief Car Inspector W. W. Todd and Inspector Adam LaMar, of the Pittsburg, are in the east today on business for the company.

The Nickel Plate is storing coal north of its coal elevator, in the west yards. This is made necessary by a scarcity of coal cars.

R. St. John has tendered his resignation as agent of the Nickel Plate fast freight line at Toledo, and been succeeded by Charles Bromley, of Cleveland.

Planing Mills Foreman J. R. Kretsinger, of the Pittsburg, is sick. A. Herr and M. K. Griffith are also sick and H. Rohrback is looking after private business.

George T. Ladd and J. E. Noble, traveling salesmen for the Bass company, left last night, the former for Pittsburg and the latter for Chicago, in the interest of the firm.

A pillow block which weighs over twenty tons left the Bass works this morning for Monessen, Pa., where it will replace a broken block under an immense rolling mills engine.

A Pittsburg paper says the railroad bridge work now in progress at that point and its immediate vicinity will keep three thousand bridge builders busy for more than a year.

The Mexico touring party which was to pass through this city tomorrow en route home, over the Pittsburg road, will not arrive here until Friday. Their train has been delayed by a wreck in Mexico.

F. L. Reynolds, of the Fort Wayne Electric works, had as a guest over Sunday his brother, William Reynolds, of Youngstown, O., who is known professionally as "Rosaire." The visitor is a noted slack wire performer.

Joseph Hoffman, for forty years car inspector at the Union station, Cleveland, O., was buried yesterday. He was a German, the father of ten children, nineteen grandchildren and two great grandchildren.

Chief Clerk Charles M. Jones, of the Pittsburg freight house, is again quite ill with stomach trouble and has been unable to report at the office for several days. Mr. Jones was sick three or four months last summer.

Agent E. H. Kirkland, of the Pittsburg, is moving his household goods and family from 330 West Wayne to 50 West Wayne today. The new home is one of the Pottlitzer houses, between Harrison and Webster streets.

With a face as radiant as an electric headlight, telling of the great joy within, Martin Travers passed the cigars among his fellow workmen at the Pittsburg shops this morning, accompanying each smoker with the remark that "it's a boy."

Peru Chronicle: "Wabash Engineer Ed Shirbondy has been transferred to a run out of Fort Wayne and is preparing to move to that city at once. Mr. and Mrs. Shirbondy will be greatly missed by a large number of friends in the city."

An agreement has been reached between the senate committee and the Pennsylvania Railroad company for plans for the new Union station at Washington. D. H. Burnham, the architect, estimates the cost of the new station will be $5,000,000. The architecture will be of the Roman style.

The Baltimore and Ohio has built a locomotive coaling station at King's mines, Newark, O., which is supplied by means of a cableway operated between the station and the mines, over 1,000 feet distant. The tenders are filled from the mines, the ashpan is cleaned, and by an ingenious device the ashes are lifted into the receptacle and dumped into a car on a side track, one man handling the entire plant.

The Grand Rapids and Indiana road has begun operations in its gravel pit just northwest of Richmond, Ind., for the season. It is the intention to gravel the main road in one place for a distance of fifteen miles between Richmond and Fort Wayne. A new steam shovel is in use and the gravel is to be unloaded by means of a wire cable attached to a large double-shared plow and pulled the length of the train by a locomotive while the cars are standing.

Ernest Baade, a nephew of Ernest Heuer, of the Wabash shops, who was expected to arrive in America on the steamer Kaiser Wilhelm over a week ago, but failed to put in an appearance, has been heard from. He was taken with lung fever the day previous to the one set for his departure from Bremen and was unable to make the start. He is getting better and will take the first opportunity to sail for this country as soon as he can stand the trip.

E. G. Hayden, of Cleveland, traveling passenger agent of the Chicago, Milwaukee and St. Paul road, was in the city today, calling upon the various local agents and prospective travelers in the interest of the company. The St. Paul road has put its new headlight system in operation on its passenger trains. This light is the most powerful headlight ever placed upon an engine. Besides lighting the track for rods ahead of the train, a ray of light is sent aloft which can be seen for many miles.

SCHOOL GIRLS.

School girls are proverbially pretty. Fact is, it's a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale drawn faces—a dullness and lack of freshness which tells a plain story of thin blood.

Now this is not right. But Scott's Emulsion can make it right. Scott's Emulsion is what these pale girls need. Scott's Emulsion brings back the beauty to their faces because it is blood food.

INFLUENCE

MENTAL AND MORAL.

The state of the mother during gestation may influence the whole future of the child. It is highly important that pregnant women meet the issue with calm composure and with as little pain as possible. Animals of the lower kingdom require no outside aid to undergo painless gestation and delivery of young, for they are not physically hampered or deformed by dress.

Women suffer agonies when with child, unless they make use of the discoveries of art and science that counteract the effect of dress follies. To-day in every drug store there is one liniment sold at $1 per bottle, which excels in virtue and safeness any like remedy, to be applied externally by hand once a day on the skin in the region of the uterus. It is not a drug for you to swallow. It is Mother's Friend, so named because it has never failed to give comfort and ease to any woman who ever used it in motherhood.

Mince Meat Comparison

NONE SUCH MINCE MEAT	SO-CALLED "WET" MINCE MEAT
(1) **Clean.** Sold in air-tight, water-proof cardboard cartons. Tempts the appetite.	(1) **Unclean.** Sold from open pails and sloppy tubs. Think of it!
(2) **Economical.** 10 cents a package, making **2 large** pies. It equals 2½ pounds of "wet" mince meat. Add the water yourself—**don't pay for it.**	(2) **Expensive.** Costs 8 cents to 15 cents a pound—½ the weight is water. At this rate "None Such" **should** cost 20 cents to 40 cents a package instead of only 10 cents.
(3) **Convenient.** Being "compressed" it takes up very little room on the shelf, and is put up in exact pie proportions.	(3) **Clumsy.** Has to be dished out in pans—takes up lots of room and you seldom have it on hand when wanted.
(4) **Reputation.** Our name and 30 years' business standing is a guarantee.	(4) **Unknown.** Do you know who makes "wet" mince meat? Is it guaranteed?

Moral: Always buy "None Such"

Any good grocer will supply you. Don't be deceived or over-persuaded by "wet-goods." We can tell you a dealer that will supply you if yours will not. Write us. Valuable premium list of "1847 Rogers Bros." silverware in packages. Beware of packages imitating "None Such."

SHE WAS DYING!

All Run Down and Overworked —Cured With Blood Wine.

An Appeal to the Women of This City Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow; and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of "Blood Wine" and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to "Blood Wine." It is the grandest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates,—just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it at Pellens & Polster's drug store.

If it hurt you to have that tooth extracted, you were in the wrong place.

WATTERSON SEES DESPOTISM

KENTUCKY EDITOR ASSAILS ADMINISTRATION.

Roosevelt Would be "the Man on Horseback," He Says—Urges All Democrats to Unite.

Washington, March 25.—Henry Watterson, of Kentucky, scored President Roosevelt as a dictator, the army bill as a despotic measure, the republican party as the party of trusts, defended General Miles and urged democrats to unite for victory in the coming campaign at the banquet of the Virginia Democratic club in this city last night. Democrats of state and national reputation applauded the vigorous denunciation of the present national administration.

"We are democrats," said Mr. Watterson. "We love our country. Our hearts beat true to its institutions. We would rescue the government from the hands of those who are converting it into a government of the trusts, for the trusts and by the trusts, and restore it to the hands of those who will have some regard for the rights of the people.

LASHES ROOSEVELT AND PARTY

"The republican party is a syndicated party. Arbitrary power is its motto, the almighty dollar its trade mark. If it be not checked in the gait it is going it will in the end surely Mexicanize the republic.

"Once again in the white house we have the man on horseback. Affecting the simplicity of the cowboy, he conceals beneath the self-confidence and queer manners of the broncho buster the sentiments and ambitions, if not the talents, of a Diaz. To him a little thing like treating an admiral of the navy, wearing the laurel leaves of imperishable renown, as if he were a baby in arms, now to be dandled and now to be spanked, is merely an undress affair begun and ended during off moments between breakfast and luncheon. To him the reprimanding of the lieutenant general of the army, grown gray in the fighting of the battles of his country, becomes an amusing horseplay, meant to relax his muscles and illustrate his high-mightiness, while warning lesser officers of the army to obey orders and say nothing.

MAY MAKE PRESIDENT DESPOT.

"As these things go forward, partaking somewhat of the character of feats to divert and blinds to hoodwink the public opinion, a bill of army reorganization is prepared and urged upon congress which, if it becomes a law, will make the power of the president absolute and which it is not too much to say ought to be entitled 'An act to make the president of the United States a military dictator.'

"Because the reprimanded lieutenant general, answering the summons of a committee of congress—as was his duty—expresses an opinion adverse to this bill, it is proposed to retire him from the service.

LEADERS BETRAY THE PEOPLE.

"But to turn from the white house to the capital and look at the republicans in congress. The trail of the trade mark is over them all. Old High Tariff dances the can-can in the house, while old Ship Subsidy does the regular cakewalk in the senate. Everything for the syndicates. Nothing for the people.

"And, not content with their arbitrary power in the white house and their mercenary power in congress, the leaders of this party of federalism and false pretension would rip open Pandora's box to filch thence the black piratical flag of negro domination, the equally disreputable and bloody shirt of section agitation, and in order to make sure of the next house they are proposing to bring forward another force bill to smite the south, to blight the north and to convert a land teeming with love and peace into a land reeking with hate and strife.

"Such is the banquet to which the exit of McKinley the statesman and the advent of Roosevelt the rough rider has invited us.

THOSE WHO CRY "TRAITOR."

"I am something of a jingo myself. I believe in the expanding greatness and glory of my country. I never see the flag floating above the domes on yonder capitol that my heart does not throb with the proud, glad thought—that my eyes do not fill with happy, exultant tears—that I, too, am an American citizen. God bless the flag and God bless the boys that fight beneath it. I would carry it inviolate. I would keep them spotless.

"And, with all this in view, I want to know what is going on away out yonder across the multitudinous, the mysterious waves of the Pacific sea. I want other witnesses than self-seeking politicians and self-exploiting soldiers to come here and tell me. I refuse to hold my tongue. I refuse to rest content. And if I am told by a whipper-snapper in shoulder straps that unless I do I am a traitor to my country my reply to him shall be a slap in the face.

PLEADS FOR HARMONY.

"Friends, brothers, democrats, let us have done with dissensions. He who stands with me against these things is my comrade, no matter what he thinks or ever thought about silver or gold. Let us cross no bridges till we come to them. But already we can see far enough ahead to take our reckoning.

"There will be but one test of a democrat in 1904—toe the line—toe the line—saying to arbitrary power and absolutism: 'Thou shalt go no further; we, too, are in the expansion business, but our expansion is for the religion of the constitution no less than for the religion of Christ and Him crucified; our expansion means peace, not war; the honor, not the degradation of the flag.' And just as surely as Jefferson wrote the Declaration of Independence and Jackson fought the battle of New Orleans—to resist despotism—shall we make a new Fourth of July and celebrate another 8th of January in resisting this unrighteous scheme to abolish the constitution and Mexicanize the government."

FOR THE COMPLEXION.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Meyer Bro. & Co.

STANDARD BLOCKS PROGRESS

MUNCIE INTERURBAN MAY CUT BLUFFTON OUT.

Big Oil Company Is Said to Interfere With Building the Road North from Montpelier.

There is a growing suspicion in the minds of Bluffton business men, says the Bluffton News, that the Muncie, Hartford City and Fort Wayne electric line will leave Bluffton out in the cold and that the road will go to Fort Wayne by way of Huntington instead of paralleling the Lake Erie and Western from Montpelier to Fort Wayne. Several days ago President Stevens, of the Commercial club, wrote L. J. Schlessinger, chief engineer of the road, offering him the assistance of the club in getting right of way between Montpelier and Bluffton and in any other way the road might need the assistance of the club. The reply was to the effect that the company was not considering anything in the way of building the line north from Montpelier at the present time and that no help from the club is wanted. It is current report that the road and Standard Oil company clashed over a question of right of way.

The company proposed to parallel the Lake Erie and Western and to do so it was necessary to get the consent of the Standard, which owns a lease on a rod of ground along the Lake Erie's property. The Standard is said to have refused the electric line permission to use this right of way and thereby stifled the attempt of the new railway line to extend to the north. Whether the Standard is in a position to dictate in which direction the road shall run is not known, but there is no doubt that the big oil company can keep the road off of its pipe line right of way.

A FAST FREIGHT ENGINE.

A Pennsylvania trainman tells of a remarkable run made by a freight engine last Friday. The engine pulling passenger train No. 20 broke down as the train was leaving Chicago and freight engine 124 was sent to her relief. The engine left the Windy City with the train, forty minutes late, and made the run to this city in three hours and fifteen minutes, making four dead stops en route. The run from Columbia City to Fort Wayne, nineteen miles, was made in nineteen minutes. C. H. Henline officiated at the throttle and C. A. Schroeder at the scoop. This is probably the best run ever made, distance and other conditions considered, by a freight engine on any road running into this city.

BLOODHOUNDS GET RAVISHER, WHO MAY BE LYNCHED.

La Junta, Col., March 25.—Mrs. Henrietta Miller, a resident of Los Angeles, Cal., 76 years of age, was assaulted by a negro in the railroad yards here early this morning and is suffering severely from the injuries received and the shock to her nerves. She was traveling to Denver to visit relatives and left the Santa Fe Chicago limited train here to change cars. She asked a Pullman car porter to show her to the car which she should take. He started through the railroad yards with her and struck her on the head, she says, with his fist, rendering her insensible. She was then criminally assaulted and left unconscious in the yards. When she regained her senses she dragged herself to the depot and reported the circumstances. The Chicago train had not yet left and W. H. Wallace, a Pullman porter, was immediately arrested on suspicion. Bloodhounds were put on the trail made in the yard by the man who accompanied Mrs. Miller and they followed it to the car in which Wallace was found. Threats of lynching are uttered by many persons in the crowd surrounding the hotel where Wallace is being held by the officers.

Mrs. Miller identified Wallace as her assailant. Sheriff Baker has taken the prisoner to Pueblo for safekeeping.

LOCAL LINES.

Mrs. R. G. Thompson is in Pomona, Cal., the guest of her mother, Mrs. Elizabeth Ninde, and sister, Mrs. T. J. Dill.

There will be a business and social meeting of the Young Men's society of the First Presbyterian church Thursday evening after the evangelistic service.

William Bott has resigned his position in the Pape furniture store to take a position as bookkeeper in the Pennsylvania offices. Christian Evans, of the International Business college has taken Mr. Bott's former position at Pape's.

Chairman W. F. Graeter, of the Commercial club committee on manufactures, is in receipt of a letter from the Findlay Table company, of Findlay, Ohio, stating that the concern will submit a proposition to the Commercial club to locate here, providing the present negotions with Findlay parties fall through. The company's plant was destroyed by fire some time ago, and they decided to seek another location, but Findlay citizens made them a proposition to remain. The factory will give employment to about fifty men.

Ben Bennett will exhibit a pair of Buff Cochin bantams, winners of first prize in the recent poultry show, in the window of the Lehman book store.

Lawrence J. Younge, who has been seriously ill from brain fever, is improving and is believed to be out of danger. He has been under the care of Dr. A. E. Van Buskirk.

Jack G. Duke, who has been a student at the Fort Wayne College of Medicine, left at noon today for his home at Scooba, Miss. Mr. Duke will return in September to resume his studies.

HURT IN GAS EXPLOSION.

Pittsburg, Pa., March 25.—Five men were seriously burned, one, it is feared, fatally, by an explosion of gas at the Carrie blast furnace of the Carnegie Steel Co., Ltd., at Rankin, Pa., this morning. The explosion was caused by the gas acumulating in the furnace while the men were dislodging hardened metal at the base of the furnace. When the metal was released the gas flowed in and ignited from the flames in the furnace.

STORM IN THE CHANNEL.

London, March 25.—Very heavy seas are running in the English channel and the Irish Sea. A number of vessels are in distress. Queen Alexandra's intended departure this morning for Copenhagen, was postponed in consequence of the gale. The torpedo boat destroyers Zebra, Zephyr and Fervent, put into Portsmouth considerably damaged by the gale. The latter's steering gear was carried away. The seams of the other boats were torn open and they were leaking so badly that they had to be placed in dock for repairs.

THE NEW DOCTORS

MEDICAL COLLEGE COMMENCEMENT IS HELD.

CLASS OF 1902 GOES FORTH

SPLENDIDLY EQUIPPED FOR PROFESSSIONAL CAREER.

SEVERAL FINE ADDRESSES

BRILLIANT BANQUET AT NEW AVELINE HOTEL.

The Fort Wayne College of Medicine last evening conferred upon nine young gentlemen comprising its class of 1902 the degree of doctor of medicine, and launched them upon a professional career of mercy and ministration to human suffering. The graduates who were thus honored at the completion of the prescribed four years course were Dennis Cuddahy, Herman George Griebel, Alfred Stephen Kane, Philip Vail Ketchem, George Nelson Lake, James Frederick Morse, M. D., Edward Collins Neville, Edmund Michael VanBuskirk and David Charles Wybourn.

It was the twenty-third annual commencement of the college, and Westminster church was completely filled by an audience that manifested the deepest interest in the music, the addresses and the pretty ceremonies incident to the conferring of the degrees upon the young physicians. Alexander's Mandolin orchestra, which furnished a delightful program throughout the evening, was in its place when shortly after 8 o'clock, headed by the dean, Dr. C. B. Stemen, the college faculty and board of trustees, the graduates in gowns and caps filed in and took their places about the chancel of the church. Rev. J. Budman Fleming, pastor of Westminster church, feelingly invoked divine blessing upon the gathering, and Dr. C. B. Stemen, dean of the college since its organization, formally welcomed the guests to the commencement exercise.

THE DEAN'S WELCOME.

The opening sentences of Dr. Stemen's remarks were largely of an historical character. He noted the close of another college year and referred to the organization of the college March 10, 1876. In part Dr. Stemen said:

"In behalf of the faculty and the board of trustees it gives me very great pleasure to welcome you as citizens of Fort Wayne and friends of the Fort Wayne College of Medicine. Every member of the faculty is deeply interested in these young gentlemen. For the period of four years they have been students under our direction. They have completed the course prescribed for each grade, and are this evening to receive the high honor that marks the successful culmination of those years of study. During the past year the Fort Wayne college has enrolled a greater number of students than during any one year since the adoption of the four year course of study. We feel sure these young men will go forth and be an honor to themselves, their alma mater and their profession. They have been faithful here and we are confident they will prove successful in their profession. Again I bid you welcome to these exercises."

MR. BARRETT'S ADDRESS.

Hon. J. M. Barrett, for the board of trustees, delivered a most scholarly and entertaining address. In opening he referred to the humble origin of some of the recognized principles of medicine, and stated that while the medical profession had never acknowledged any indebtedness to the legal profession, there has always existed between the two a most cordial feeling. Continuing Mr. Barrett said in part:

"In the economy of nature an All-Wise Creator has found a place for both the doctor and the lawyer, or He would not have made it so impossible for mankind to get along without either. Physicians are not more perfect than are men of other professions, yet it is to your credit that when success is measured by the size of the dollar, your profession rises above sordid questions of wealth and proclaims its higher mission of humanity." Mr. Barrett referred to the endless number of fads which have obtained recognition from people of all ages, and said that so long as people were willing to pay for being deceived the fads and the fakirs would continue to exist. "Education," said he, "is the only sure cure for quackery." He told of some of the queer curative methods practiced in former days and incidentally took a rap at the pretensions of some later followers. He told of the advance of medicine and surgery, and of the wonderful achievements of the past century in all lines of progress. He cited the increase in the average life of humanity, and ascribed this to two chief causes—improved sanitary laws and advancement in medical science. "We give due credit," said Mr. Barrett, "to the leaders of all progress, but the people's debt of gratitude is still greater to those who have devoted their lives to ministering to the suffering of others. Medicine is no longer regarded as the withered branch of the tree of knowledge, but the one fullest of fruit and flower, and the progress of medicine and surgery has added more to the sum of human happiness than all other things which have contributed to our material prosperity."

CONFERRED DEGREES.

Dr. S. H. Havice, secretary of the faculty, called the roll of graduates, and after Dr. Stemen had administered the obligation, President McCulloch conferred the degree of doctor of medicine and Dr. Havice presented the diplomas.

The valedictory for the faculty was delivered by Dr. B. Von Sweringen, whose theme was "Tuberculosis." After referring in a general way to the ennobling profession of medicine, Dr. Von Sweringen gave an interesting address on the "white plague," told of its origin in the bacillus, its lodgment in the human system and its dread work there. The mortality of all other diseases combined does not equal that of tuberculosis, and its victims in the United States constitute a number equal to the population of three cities the size of Fort Wayne each year. Dr. Von Sweringen told of the contamination of the air by the drying sputum of tubercular persons, and said that educational methods would largely reduce the prevalence of this malady. He would teach the patients sanitation, and advocated the construction of hospitals where the victims might be separated from other persons and intelligently treated. He referred to the necessity for a contagious disease hospital in Fort Wayne, and advocated an out-door life as absolutely essential to those afflicted with tuberculosis. Dr. Von Sweringen closed with some earnest words of advice to the young physicians upon whom the degree had just been conferred.

A BANQUET FOLLOWED.

The new graduates were the guests of honor at the third annual banquet of the alumni association, which followed, at the New Aveline hotel and more than one hundred ladies and gentlemen discussed a splendid menu faultlessly served, and thoroughly enjoyed the flow of wit and eloquence which was not concluded until 2:30 o'clock this morning. The menu follows:

All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's, or Ely Brothers, 56 Warren Street, New York, will mail it.

THE MARKETS.

Chicago, March 20.—Early trade in grains was tame today. There was some show of strength at the opening of the wheat pit on better cables and small receipts. May was 1/2c to 3/4c higher at 72 1/2@72 3/4c. Fairly liberal selling set in at once, however, influenced by additional rains in nearly all sections of the growing wheat country. The outside markets started slightly advanced though the late cables declined a trifle and St. Louis turned weaker. Good weather favored the crops and seeding in the spring wheat sections was reported in full swing. These factors depressed May to 72 1/4c, but there was a revival of the early demand and May rallied and advanced to 72 3/4c. Local receipts were 30 cars, none of contract grade. Minneapolis and Duluth reported 188 cars, making a total for the three points of 188 cars, against 290 last week and 331 a year ago.

Crop damage reports from Kansas and Oklahoma induced some sharp buying soon after the first hour and May wheat sold to 73 1/4@73 1/2c. Liquidation eased prices later and May closed firm, 1/2c higher at 72 3/4c.

Corn experienced an active advance when wheat had its upturn. May sold to 59 1/2c, eased somewhat on selling and closed firm, 1 1/2c up at 59 1/4@59 1/2c.

May corn opened 1/2@1c to 1/2c higher at 58 1/2c to 58 1/2@58 3/4c on higher cables and the wheat advance. Trade was not large and on the tendency of the local crowd to sell May slipped off to 58 1/2@58 1/4c. Commission houses, however, executed good buying orders, wheat showed additional strength and May corn sold to 58 3/4c. Receipts were 181 cars.

Offerings in May oats were fair at the opening and influenced a slight decline. There was otherwise little change in the general oats situation. May started 1/2c lower at 42 1/2c and weakened to 42c on selling. When other grains grew stronger shorts in oats covered, some support developed and May rallied and advanced to 42 1/2c. Receipts were 88 cars.

Provisions again showed that marked strength that has characterized the market for the past week. Hogs at the yards were higher, the list opened slightly higher and a good demand in pork at once set in. The gram strength also influenced advances. May pork started 2 1/2c to 5c higher at $15.37 1/2 and sold to $16.10; May lard unchanged at $8.62 1/2 and worked up to $8.70, and May ribs 2 1/2c up at $8.75 and advanced to $8.80.

ABOUT THE CITY HALL.

Another case of smallpox was reported last evening, which with the case at the county hospital, makes five in all now existing in the city. The latest acquisition to the roll of patients is Charles Dickman, aged 8 years, and living with his parents at No. 12 Ida avenue. The lad has been sick for three days, but there had been no physician called. Neighbors reported their suspicions to the health commissioner and last evening Drs. Macbeth and Proegler visited the home and after diagnosing the case pronounced it smallpox. The child will remain at home and the usual quarantine and other precautions have been observed.

Building permits have been issued to Mrs. Hirschfelder for an addition to her house on Wayne street, to cost $300; E. Zehendner, Riverside avenue, house, $1,200; Charles Weimer, Lake avenue, $1,200; Fred Fehling addition to house on Miner street, $150.

Lieutenant Governor Gilbert went to Auburn today to appear in a case in which he is an attorney for the defendant, the action being one for damages. The title of the case is Bell vs. Kelley and the complaint is that the defendant alienated the affections of the plaintiff's wife and $10,000 worth. The case has not yet been set for trial and the presentation is simply to fix the issues.

THE GREAT CANADIAN CURE

"WRIGHT'S RHEUMATIC REMEDY"

Is making cures where all other means have failed. Can you doubt such evidence as this?

PERU, Ind., Feb. 25, 1902.

It was while working in the Rolling Mills at Bellefonte, Pa., about six years ago, that I was first taken with "Scintica" Rheumatism. I called in my physician, who prescribed for me, but gave no relief. I was compelled to take to my bed after a year's suffering. The physician of the company gave me up and said that my case was incurable and would speedily end in paralysis. My wife then sought another physician of note, who attended to me for about a year and who said that I could not be cured. I had been in bed for nearly two years suffering with everything, with such relief as hypodermic treatment gives. After being given up by the two physicians, through the influence of friends I was taken in as an inmate of the city hospital at Williamsport, Pa., and received the best treatment that hospital afforded. I remained about eleven weeks and was then discharged by the attending physicians as incurable and returned to my home. After several months at home, I was again sent to Williamsport, Pa., hospital, to be under the personal care of Dr. McCormac, a Specialist of repute. After five weeks under his care he said that my case was hopeless, and I again was returned to my home. For another year I laid at my home and was treated by the local physician without benefit, and as a last recourse I was sent to the city hospital at Lock Haven, Pa., and remained there under the care of the staff of physicians, who at the end of five weeks told me that they could not do anything for me, and for the third time I was returned to my home at Howard, Pa. I remained there crippled and almost helpless for three years, when my family brought me to this city last October. I was barely able to move on crutches. While at the depot at Columbus, Ohio, I was spoken to by a gentleman who said that he had been cured of a bad attack of Scintica by the use of "Wright's Rheumatic Remedy," and advised me to try it, and I was also advised by my sister-in-law, who said that this medicine was doing a great deal of good. It was upon the strength of such strong testimony that I procured a bottle, and to my great surprise, the awful pains that I had been bearing for nearly six years ceased before I had been taking your W. R. R. two weeks, and I began to feel better, and have been gaining in health and strength every day since. My right arm and hand were useless. Now the full use has returned. My limbs, that I could not bear to have touched, I can now use and can walk and go around as usual. I can hardly comprehend that after so long a time, being given up by three hospital staffs and three different physicians, that I am feeling so well, and now on the way to again being able to work and be of use and service to my family by the use of your wonderful W. R. R.

(Signed.) JAMES AGNEW.

This is to certify that Mr. James Agnew signed the foregoing testimonial in my presence and personally gave it to me of his own free will.

CUBAN COURT WAS SEVERE

NEELY, REEVES AND RATHBONE GET HEAVY PENALTIES.

Ten Years Imprisonment for Each and $50,000 Fine for Neely and $35,000 for Others.

Havana, March 25.—The trials before the Audencia court of the cases arising from the embezzlement of Cuban postal funds have resulted in the following sentences:

C. F. W. Neely, ten years' imprisonment and to pay a fine of $56,701.

W. H. Reeves, ten years' imprisonment and to pay a fine of $35,516.

Estes G. Rathbone, ten years' imprisonment and to pay a fine of $35,324.

THE NEWS IN WASHINGTON.

Washington, March 25.—Cuban justice, as developed in the sentences imposed upon Neely, Rathbone and Reeves, is startling to official Washington. The press cable dispatches received yesterday afternoon announcing that ten years' imprisonment and a heavy fine had been imposed in each case were discredited until General Wood, the military governor of Cuba, who is now here, received official corroboration. He immediately communicated the substance of his cablegram to the president, Secretary Root and President Palma, of Cuba.

General Wood says that appeal lies to the supreme court of Cuba, and can be based only upon errors in the proceedings; that the evidence cannot come up for review.

The sentences are generally thought to be severe.

Rathbone, it is said, will be unable to pay the heavy fine imposed. Reeves turned state's evidence and it was expected here that he would escape punishment. Rathbone's friends will take up his case at once. They will direct that the proper appeal be taken, and will fight the sentence to the last.

RULED CUBAN SERVICE.

Charles F. W. Neely, former treasurer of the postoffice department of Cuba, was born in Muncie, Ind., and was known as the "Colonel Sellers" of the state. He had a varied career in the financial field, and at one time owned the Muncie Morning News, which he used as an instrument to further his interests in the field of politics. For five years he was the chairman of the republican city central committee of his native city.

Finally Neely's financial resources became practically exhausted, and he turned toward Cuba to recuperate his losses. He procured an appointment to the office mentioned, and soon operated the affairs of the Cuban postal department in such a manner that he became the supreme power. His superiors apparently acquiesced in all things he did. This gave him free rein, and he managed to have most of the Cuban postal printing done in a job printing plant in Muncie, which he either owned or controlled.

TRACING THE FRAUDS.

This excited suspicion, and finally a printer employed in the establishment gave information which led the government secret service agents in a chase between Muncie and Havana, during which they established the fact that there was a shortage of from $100,000 to $600,000 in the Cuban postal funds. This was said to have consisted principally in surcharge stamps and cash. Further than this, it was alleged that part of a fraudulent issue of stamps printed in this country from plates supposed to have been stolen from the federal government figured in the total loss to the fund in question.

After his arrest May 7, 1900, in New York City, Neely, although a few years previously he left Muncie a poor man, was able to offer $10,000 in treasury notes for bail. Estes G. Rathbone was an Ohio man and former director of posts in Cuba, and said to have been under the influence of Neely.

W. H. Reeves was formerly a deputy auditor in the Cuban postal department and confessed to his complicity in the crime. He also admitted receiving $4,000 for the part he played.

BUYS PART OF CANAL BED.

J. H. Archer yesterday closed a deal for the purchase of that portion of the old Wabash and Erie canal bed lying along the road to Lindenwood cemetery between the Grand Rapids and Indiana and Pittsburg tracks, from A. N. Dukes, of Peru. Mr. Archer will plat the ground and put it on the market.

ALL MUST BE KINDER.

Within a few months, thanks to the humane sentiment of Americans, a most necessary reform will probably be well under way in Porto Rico. Cruelty to animals will henceforth be a crime. The bill of the legislative session introduced by Secretary Hartzell, imposes severe penalties for maltreating dumb beasts. It is believed that Governor Hunt, who will undoubtedly approve the law, will issue vigorous orders that the police are to enforce it vigorously throughout the island.

At present, Americans stand aghast at the treatment of animals in Porto Rico, and even now the condition of affairs is not as bad as it was a few years ago. From the standpoint of the humanitarian, the Porto Rican is essentially cruel. Consideration for animals seems to be beyond his comprehension. Horses and cattle here get little food and many blows. The spiked goad, the lash and the club are freely used to keep lame, halt and blind horses in service, and, although a Society for the Prevention of Cruelty to Animals existed in San Juan during the Spanish regime, it now seems to have fallen into a state of inocuous desuetude. The only interference with the brutality everywhere apparent is by Americans as individuals.

It is no uncommon sight to see a pig vendor carrying, back down, a shoat, the four legs of which are tied together. As the man walks, the pig's snout is scraped every few feet along the sidewalk or cobblestones and the squeals of painful protest seem to delight the crowds. Chickens are tied together, sometimes in bunches of from eight to a dozen, and are hurled in a promiscuous heap on the sidewalk, or carried suffering for hours.

PREHISTORIC PICTURES.

What Nature describes as a picture gallery of the Stone Age has been discovered in the cave of Combarelles, Dordogne, France, by Messieurs Capitan and Breuil, who have come upon 109 figures engraved upon cavern walls, representing parts of the whole outline of then living animals, some of which are now extinct. No fewer than 40 are presentments of horses and horse-like creatures—of two distinct types. Very ancient though these remains are, going back to the close of the palaeolithic period, they point to the fact that even then the horse was a domesticated animal in western Europe, for several of the figures are those of haltered horses. Some of the pictures seem to stand for bisons, reindeer, antelopes, the eland and wild deer. Of the mammoth 14 examples are present, some of them exhibiting coverings of hair. A few rude outlines seem to have been meant for the human face.

ENGAGED GIRLS BARRED.

"No engaged girls need apply" is the latest phase of the nursing profession. Doctors and matrons have, it appears, been discussing the subject, and have come to the conclusion that damsels who are engaged to be married should not be admitted as probationers to training schools because, in the opinion of these staid, matter-of-fact persons, they only dally with nursing until the time comes to trip lightly into marriage, and thus stand in the way of those who intend to devote themselves whole-heartedly to their profession.

Moreover, doctors and matrons entertain a strong suspicion that not a few of these giddy candidates seek the privilege of wearing a nurse's uniform, with all the attractions it possesses, for the purpose primarily of working havoc among the hearts of medical students and others with the view of speedy marriage. An argument used on the other side is that even young women who are engaged to be married would derive inestimable advantage from passing a year or two among nurses and learning something about how to treat simple maladies such as occur frequently in households. That may be so, but nursing is now a recognized profession, and those engaged in it do not look favorably on those whom they regard as matrimonial interlopers. So the engaged girl probationer is to be shelved.—London Telegram.

PING-PONG THE LATEST.

Ping-pong is an ideal indoor game. It is suitable for winter and it is a happy solution of how to spend the time on those dull, rainy days at summer resorts, when everybody wanders about and wishes it would clear up. One of its merits is that the outfit for the game requires only a small outlay of money. Sets are made by dealers for from $5 to $10.

Second, it is very simple. It is lawn tennis, with such modifications as suit the different conditions. It may be played on an ordinary dining room table. In the center a net is stretched, supported on either side by movable uprights, which are made to clamp on the edges of the table. This net is about six inches in height and the ball is batted back and forth across it. Of course, the height of the net may vary, the lower it is the more difficult the strokes may be to return. The server has greater opportunity to send a low, swift ball. The best proportions for a ping-pong table are nine feet long by five feet wide, but a table of any proportions may be made to serve one's pleasure. The space on either side of the net is not subdivided, as in lawn tennis. There is one large court.

The rackets are of two sorts. They are considerably smaller and lighter than ordinary tennis rackets, and, like these, are strung with gut or are formed from single pieces of vellum stretched tightly over a frame like a drumhead. The ball used is of light celluloid and is hollow. It is very lively and is as elastic as the best rubber; moreover, it is so light that it does not endanger glass. When struck this tiny globe gives out a musical ping-pong sound; hence the rather fetching name that our English cousins bestowed upon the game.

ORANGES AS CARD CHIPS.

During Ramazan the sale of oranges in Constantinople fell off in a most surprising manner, and the reason was still more curious. It was because the government had suddenly issued an order prohibiting the game of "skambil kiat" in public places, and had seized all the cards. At first the connection between oranges and a card game does not appear clear, but it comes about in this way. At the time of Ramazan all Turks try to keep awake as much as possible, and the cafes are full at night. The assembled crowds of porters, boatmen, etc., pass the hours playing cards, dominoes or backgammon, but the favorite game is skambil, as it finishes very quickly and is no trouble.

The keepers of the cafes used to insist on each player (there are four) buying an orange for a halfpenny, the winner taking the lot. In this way large quantities of oranges were disposed of, but the business suddenly came to an end with the stoppage of "skambil," for dominoes and other games take too long to make an orange a sufficient stake.—London Telegram.

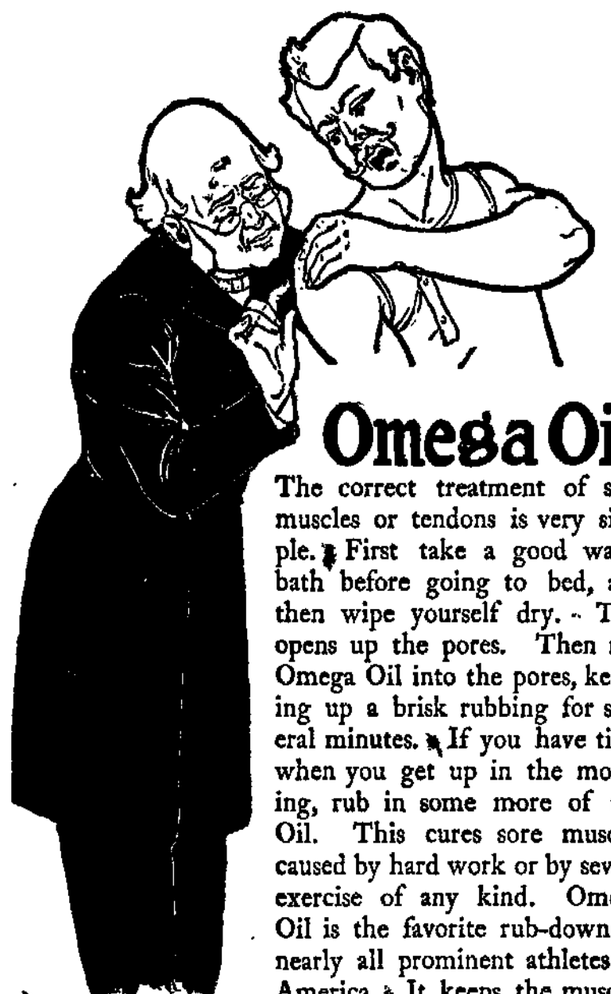
Sore Muscles



Omega Oil

The correct treatment of sore muscles or tendons is very simple. First take a good warm bath before going to bed, and then wipe yourself dry. This opens up the pores. Then rub Omega Oil into the pores, keeping up a brisk rubbing for several minutes. If you have time when you get up in the morning, rub in some more of the Oil. This cures sore muscles caused by hard work or by severe exercise of any kind. Omega Oil is the favorite rub-down of nearly all prominent athletes in America. It keeps the muscles in fine shape.

An Electric Belt Free

Send Your Application At Once To The Physician's Institute.

They Will Send You Absolutely Free One of Their 100 Guage Supreme Electric Belts, the Belt Which Has Made so Many Wonderful Cures—You Needn't Send Even a Postage Stamp, Just Your Name and Address.

Seven years ago the State of Illinois granted to the Physicians' Institute of Chicago a charter. There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any number of specialists acting independently could do, so the State itself, under the powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would make them well and strong.

Ever since its establishment this Institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

Three years ago, the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it reached that stage of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agents in the cure of rheumatism, lumbago, lame back, nervous exhaustion, weakened or lost vital functions, varicocele, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—100 guage—there is no better electric belt made and no better belt can be made. Whenever in the opinion of our staff of specialists the wonderful curative and revitalizing forces of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts. It is not sent on trial, it is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write to-day for this free "Supreme Electric Belt" to the Physicians' Institute, at 1016 Masonic Temple, Chicago, Ills.

A STUDY IN EVOLUTION.

The Distributing Point of Human Energy.

Scientists tell us that man was primarily a stomach, and that the process of evolution has developed legs to carry this stomach from place to place, arms to work for it and protect it, brains to think and plan for it. Whether this theory is true or not, one thing is certain—the stomach is the very center and fountain head of human energy and vitality. The great bunch of nerves that center at the stomach, "the great unconscious brain," as it is called, directs all the unconscious functions of the body—such as breathing, sleeping, walking the circulation of the blood, the movements of the liver and the bowels and all the thousand and one functions—obscure, but vastly important—of the human body. And this great storehouse of power, this dynamo of electrical energy, depends for life on the health of the stomach. Do you think, then, that it will pay to neglect the stomach? There is nothing so closely resembling suicide as the wilful neglect of the stomach. The pains of a lagging, tired stomach are called dyspepsia. It's merely a method the stomach has of calling attention to its weakened and enfeebled condition. To neglect this call is fatal. Peptorene, the Health Tablet, is for the stomach. It relieves that weary, dragging sensation at the stomach, gives new life and energy to the blood, and calls forth the saliva and gastric juice and other digestive agents. It also furnishes that necessary agent, pepsin, the lack of which will quickly ruin the strongest digestive organs. If your stomach is calling for help, give it Peptorene. This splendid tonic is the result of much careful research and cannot be too highly recommended.

A DISTRESSING TIME AT SEA

STEAMER NORD AMERICA HAD NO COAL OR FRESH WATER.

Forced to Put in at the Bermudas—The 1,300 Passengers Suffered Great Hardships.

New York, March 25.—With her coal and water supplies almost exhausted, the steamer Nord America has arrived here. She had been forced to put into Bermuda on her way from Genoa and Naples, much to the relief of her 42 cabin and 1,300 steerage passengers, who had lived for days in fear of disaster.

Among the passengers was Frederick Taylor, a fellow of the Royal Geographical society, who for the last sixteen months has been traveling in Borneo, Japan, China and Hawaii.

"We were but one day out from Naples when the first storm struck us," said Taylor. "The heavy sea washed over the vessel's decks. The ship had a small cargo and rolled heavily.

"The immigrants were lying all over the decks, exposed to the elements, and mothers with babes in their arms were drenched to the skin by the seas which kept breaking over the decks.

"On the night of March 18, the vessel was able to make small headway against the furious storm. Every sea that struck the ship shook her from stem to stern and the crying and wailing of the immigrants, who were panic-stricken, made it a night of horror for us all.

"The captain did his best to calm the immigrants' fears, but it was of no avail and after a consultation of the officers it was directed to steer for Bermuda. When the America reached Hamilton the coal had run short and the fresh water had nearly given out."

CARNEGIE SPURNS A CROWN.

Pittsburg, Pa., March 25.—Andrew Carnegie was once tendered the crown of Achilles I and the kingdom of Araucania in fee simple by the monarch, who died in Paris recently. Achilles sent Count De Belligarde, his prime minister, to Andrew Carnegie with the proposition. For six weeks the count tempted the steel king with a title and a kingdom. He received considerable attention from the lord of Skibo from the fact that the land abounds in minerals, especially in iron ore. Mr. Carnegie thought seriously of possessing himself of the ore lands, but gave no thought to the title. The story was made public by an Australian lieutenant of engineers, who made a map of Araucania for Achilles I. Achilles wanted the map flashy and well colored. The engineer in telling the story said he discounted Joseph's raiment and the rainbow and received 50 cents a color, with double pay for extra heavy colors, which he worked in as double tints. Achilles wanted him to become his chief topographer, but the Australian took the money and came to Pittsburg, from which place he disappeared a few weeks ago.

APPEAL WILL BE TAKEN.

Elizabeth City, N. C., March 25.—The verdict that young Wilcox was guilty of the murder of Miss Nellie Cropsey seems to have met popular approval, though it was not considered probable, early Saturday, that the jury would so report. District Attorney Ward said Saturday he never looked for any verdict other than murder in the second degree. Lawyer Aydelett, for the defense, will enter an appeal on behalf of the prisoner. He will seek to set aside the verdict on the ground that it was not consistent with the evidence brought out in the trial. There is little prospect of the prisoner's paying the death penalty on the date set by Judge Jones. As the supreme court does not meet till next September, it is more than probable that it will be twelve months before the case is disposed of finally.

FIRST STATUE OF M'KINLEY.

New York, March 25.—The first statue of the late President McKinley has just been delivered in the plaster to a foundry at Providence, R. I., where it will be cast in bronze at once, and be ready to be unveiled at Muskegon, Mich., on Memorial day. The sculptor was well equipped for the undertaking, as he had made a bust of the late president and had all necessary measurements, which he had made at a sitting Major McKinley gave him.

CONVICTS BURNED TO DEATH.

Kosciusko, Miss., March 25.—Five negro convicts made an attempt Saturday night to burn their way out of prison, burning the house down over their heads and cremating themselves. The men included Bok Fert, in for attempted assault; P. N. Newell, for robbing the mails; Timothy Culbertson, an escaped convict; Amos Raford, for assault and battery, and James Jones, for assault and battery. William McAfee and Frank Winters and wife, also convicts, were trusties and were not confined in the prison. The prisoners were let out to Robert Campbell, a county contractor, whose farm is sixteen miles west of this place, and it was there the fire occurred.

PATHETIC SCENE IN COURT.

Terre Haute, Ind., March 25.—Judge Stimson, in the superior court, found himself unequal to the duty of giving a 10-year-old boy to either his father or mother. The father and mother were divorced some months ago, and the mother remarried. She had the custody of the boy, but was not to take him out of the county. The father caused her to be summoned to court on the ground that she was about to take the child to another county, and Judge Stimson tried to learn from the little fellow with which parent he desired to live. When asked if he wanted to go with his mother he turned his pathetic and tear-stained face to the father, and when the judge asked him if he wanted to live with his father, he turned to his mother, and sobs prevented his uttering a word. Finally the court put each parent under bond to keep the boy within the jurisdiction of the court.

DUEL TO DEATH IN KENTUCKY.

Henderson, Ky., March 25.—A fatal shooting occurred at Corydon, this county, yesterday, in which Green W. Pritchett was killed and John Below, a farmer, fatally wounded. Bad blood existed between the two men over business and when they met on the streets yesterday Pritchett shot Below and Below Pritchett. With a bullet in his heart Pritchett fired a third shot at Below, but missed. Pritchett then fell and expired. Pritchett was one of the wealthiest men of this section. He was an extensive land owner and tobacco dealer. The coroner's verdict exonerated Below.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed three $1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1.00. Trial bottles free at Dreier & Bro.'s drug store.

GORKI IS UNDER THE BAN.

St. Petersburg, March 25.—It has been officially announced here that the election of Maxime Gorki to be an honorary member of the Academy of Sciences has been annulled. Gorki has been summoned to appear before a tribunal to answer for political offenses. Gorki was banished from the Russian capital years ago, and the newspaper with which he was connected was suppressed.

COULD NOT BREATHE.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by Oone Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquifies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. REBELLION IS WIDESPREAD

THE UPRISING IN CHINA IS A SERIOUS AFFAIR.

Rebel Forces Now Number Many Thousands and They are Armed With Modern Rifles.

Victoria, B. C., March 25.—Marcus C. Hill, a Yokohama merchant, who arrived on the steamer Kaga Maru, is said to be carrying orders to New York for arms and ammunition for the rebels in South China.

Mr. Hill, in an interview, says that if the cable reports of the capture of six cities by the rebels is correct, the movement which is under Dr. Sunyatsen will be successful. Before leaving for America Mr. Hill saw the rebel leader and was told by him that 50,000 troops were ready to join the rebellion and would bring with them modern arms and ammunition. Recruits are flocking to the rebel standard and their hope is to reach the city of Canton. Here they expect to get sufficient ammunition and arms and treasure to carry on the rebellion which will eventually result in the overthrow of the reigning power in China. Dr. Sunyatsen believes the time opportune for the rebellion, the Chinese being dissatisfied with the foreign domination of the country.

THOUSANDS OF REFUGEES.

When the Kaga Maru left thousands of refugees were flocking into Kwang Tung in advance of the rebels and the following dispatch describes the conditions prevailing in Kwang Si:

"According to statements of refugees arrived at Kwang Tung from Nanning Fuh and Yulin Chow, the whole province of Kwang Si is in a state of revolution, the number of insurgents being estimated at 50,000. The various villages under the jurisdiction of Yulin Chow have been sacked and burned down. The imperialist section is devoid of influence. The insurgents are possessed of arms of the new model."

Since the return of the Chinese court to Pekin nine million taels, the aggregate sum of the tribute from different provinces, has been exhausted. It is reported that 250,000 taels was spent to pay the railway fees from Paoting to Pekin. The board of revenue is now at its wits ends to meet the crisis.

BATTLE WAGED ON ISLAND.

Manila, March 25.—Brigadier General W. O. Davis, stationed at Zamboanga, island of Mindanao, reports that a detachment of the signal corps, consisting of seventeen men, has been attacked by 200 Moros near Paran-Paran, Mindanao. The Moros captured the transportation of the detachment, including four pack mules. The United States transport Buford has arrived here. She has on board a detachment of the Twenty-seventh infantry, a squadron of the Eleventh cavalry and fifty pack mules.

PRACTICALLY STARVING.

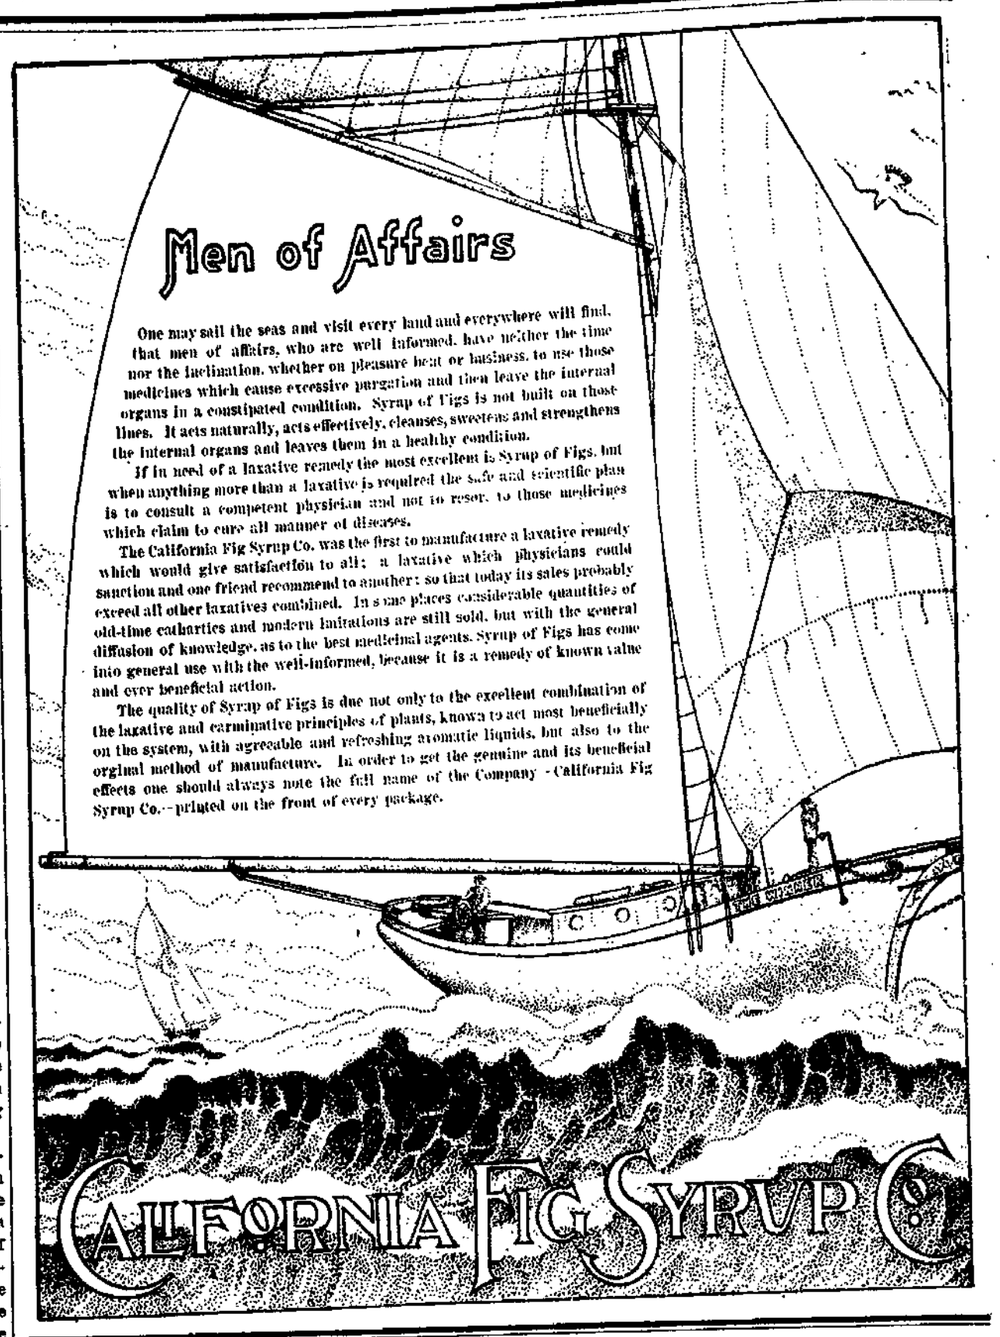
"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Meyer Bros. & Co.

STONED TO DEATH BY BOYS.

Hamilton, Ohio, March 25.—Francis Matlock, 12 years old, died suddenly at his home in Lindenwald yesterday afternoon and the police say he was stoned to death by playmates in a quarrel. He had been playing in a barn with Joseph Carr, Allie Stillwaugh, Frank Bartell and Edwin Henderson. Neighbors heard cries and went to the barn. The boys went home. Matlock told his parents that the other boys had stoned him. A few hours later he became sick and died. His body shows several bruises. Coroner Sharkey has begun an inquiry.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Dreier & Bro.



Men of Affairs
One may sail the seas and visit every land and everywhere will find that men of affairs, who are well informed, have neither the time nor the inclination, whether on pleasure bent or business, to use those medicines which cause excessive purgation and then leave the internal organs in a constipated condition. Syrup of Figs is not built on those lines. It acts naturally, acts effectively, cleanses, sweetens and strengthens the internal organs and leaves them in a healthy condition.
If in need of a laxative remedy the most excellent is Syrup of Figs, but when anything more than a laxative is required the safe and scientific plan is to consult a competent physician and not to resort to those medicines which claim to cure all manner of diseases.
The California Fig Syrup Co. was the first to manufacture a laxative remedy which would give satisfaction to all; a laxative which physicians could sanction and one friend recommend to another; so that today its sales probably exceed all other laxatives combined. In some places considerable quantities of old-time cathartics and modern imitations are still sold, but with the general diffusion of knowledge, as to the best medicinal agents, Syrup of Figs has come into general use with the well-informed, because it is a remedy of known value and ever beneficial action.
The quality of Syrup of Figs is due not only to the excellent combination of the laxative and carminative principles of plants, known to act most beneficially on the system, with agreeable and refreshing aromatic liquids, but also to the original method of manufacture. In order to get the genuine and its beneficial effects one should always note the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

SHE WAS DYING!

All Run Down and Overworked —Cured With Blood Wine.

An Appeal to the Women of This City Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes; I believe I really was in a decline, for I was a mere shadow; and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of "Blood Wine" and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to "Blood Wine." It is the grandest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates,—just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it at Pellens & Polster's drug store.

If it hurt you to have that tooth extracted, you were in the wrong place.

WATTERSON SEES DESPOTISM

KENTUCKY EDITOR ASSAILS ADMINISTRATION.

Roosevelt Would be "the Man on Horseback," He Says—Urges All Democrats to Unite.

Washington, March 25.—Henry Watterson, of Kentucky, scored President Roosevelt as a dictator, the army bill as a despotic measure, the republican party as the party of trusts, defended General Miles and urged democrats to unite for victory in the coming campaign at the banquet of the Virginia Democratic club in this city last night. Democrats of state and national reputation applauded the vigorous denunciation of the present national administration.

"We are democrats," said Mr. Watterson. "We love our country. Our hearts beat true to its institutions. We would rescue the government from the hands of those who are converting it into a government of the trusts, for the trusts and by the trusts, and restore it to the hands of those who will have some regard for the rights of the people.

LASHES ROOSEVELT AND PARTY

"The republican party is a syndicated party. Arbitrary power is its motto, the almighty dollar its trade mark. If it be not checked in the gait it is going it will in the end surely Mexicanize the republic.

"Once again in the white house we have the man on horseback. Affecting the simplicity of the cowboy, he conceals beneath the self-confidence and queer manners of the broncho buster the sentiments and ambitions, if not the talents, of a Diaz. To him a little thing like treating an admiral of the navy, wearing the laurel leaves of imperishable renown, as if he were a baby in arms, now to be dandled and now to be spanked, is merely an undress affair begun and ended during off moments between breakfast and luncheon. To him the reprimanding of the lieutenant general of the army, grown gray in the fighting of the battles of his country, becomes an amusing horseplay, meant to relax his muscles and illustrate his high-mightiness, while warning lesser officers of the army to obey orders and say nothing.

MAY MAKE PRESIDENT DESPOT.

"As these things go forward, partaking somewhat of the character of feats to divert and blinds to hoodwink the public opinion, a bill of army reorganization is prepared and urged upon congress which, if it becomes a law, will make the power of the president absolute and which it is not too much to say ought to be entitled 'An act to make the president of the United States a military dictator.'

"Because the reprimanded lieutenant general, answering the summons of a committee of congress—as was his duty—expresses an opinion adverse to this bill, it is proposed to retire him from the service.

LEADERS BETRAY THE PEOPLE.

"But to turn from the white house to the capital and look at the republicans in congress. The trail of the trade mark is over them all. Old High Tariff dances the can-can in the house, while old Ship Subsidy does the regular cakewalk in the senate. Everything for the syndicates. Nothing for the people.

"And, not content with their arbitrary power in the white house and their mercenary power in congress, the leaders of this party of federalism and false pretension would rip open Pandora's box to filch thence the black piratical flag of negro domination, the equally disreputable and bloody shirt of section agitation, and in order to make sure of the next house they are proposing to bring forward another force bill to smite the south, to blight the north and to convert a land teeming with love and peace into a land reeking with hate and strife.

"Such is the banquet to which the exit of McKinley the statesman and the advent of Roosevelt the rough rider has invited us.

THOSE WHO CRY "TRAITOR."

"I am something of a jingo myself. I believe in the expanding greatness and glory of my country. I never see the flag floating above the domes on yonder capitol that my heart does not throb with the proud, glad thought—that my eyes do not fill with happy, exultant tears—that I, too, am an American citizen. God bless the flag and God bless the boys that fight beneath it. I would carry it inviolate. I would keep them spotless.

"And, with all this in view, I want to know what is going on away out yonder across the multitudinous, the mysterious waves of the Pacific sea. I want other witnesses than self-seeking politicians and self-exploiting soldiers to come here and tell me. I refuse to hold my tongue. I refuse to rest content. And if I am told by a whipper-snapper in shoulder straps that unless I do I am a traitor to my country my reply to him shall be a slap in the face.

PLEADS FOR HARMONY.

"Friends, brothers, democrats, let us have done with dissensions. He who stands with me against these things is my comrade, no matter what he thinks or ever thought about silver or gold. Let us cross no bridges till we come to them. But already we can see far enough ahead to take our reckoning.

"There will be but one test of a democrat in 1904—toe the line—toe the line—saying to arbitrary power and absolutism: 'Thou shalt go no further; we, too, are in the expansion business, but our expansion is for the religion of the constitution no less than for the religion of Christ and Him crucified; our expansion means peace, not war; the honor, not the degradation of the flag.' And just as surely as Jefferson wrote the Declaration of Independence and Jackson fought the battle of New Orleans—to resist despotism—shall we make a new Fourth of July and celebrate another 8th of January in resisting this unrighteous scheme to abolish the constitution and Mexicanize the government."

FOR THE COMPLEXION.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Meyer Bro. & Co.

STANDARD BLOCKS PROGRESS

MUNCIE INTERURBAN MAY CUT BLUFFTON OUT.

Big Oil Company Is Said to Interfere With Building the Road North from Montpelier.

There is a growing suspicion in the minds of Bluffton business men, says the Bluffton News, that the Muncie, Hartford City and Fort Wayne electric line will leave Bluffton out in the cold and that the road will go to Fort Wayne by way of Huntington instead of paralleling the Lake Erie and Western from Montpelier to Fort Wayne. Several days ago President Stevens, of the Commercial club, wrote L. J. Schlessinger, chief engineer of the road, offering him the assistance of the club in getting right of way between Montpelier and Bluffton and in any other way the road might need the assistance of the club. The reply was to the effect that the company was not considering anything in the way of building the line north from Montpelier at the present time and that no help from the club is wanted. It is current report that the road and Standard Oil company clashed over a question of right of way.

The company proposed to parallel the Lake Erie and Western and to do so it was necessary to get the consent of the Standard, which owns a lease on a rod of ground along the Lake Erie's property. The Standard is said to have refused the electric line permission to use this right of way and thereby stifled the attempt of the new railway line to extend to the north. Whether the Standard is in a position to dictate in which direction the road shall run is not known, but there is no doubt that the big oil company can keep the road off of its pipe line right of way.

A FAST FREIGHT ENGINE.

A Pennsylvania trainman tells of a remarkable run made by a freight engine last Friday. The engine pulling passenger train No. 20 broke down as the train was leaving Chicago and freight engine 124 was sent to her relief. The engine left the Windy City with the train, forty minutes late, and made the run to this city in three hours and fifteen minutes, making four dead stops en route. The run from Columbia City to Fort Wayne, nineteen miles, was made in nineteen minutes. C. H. Henline officiated at the throttle and C. A. Schroeder at the scoop. This is probably the best run ever made, distance and other conditions considered, by a freight engine on any road running into this city.

If the teacher could wipe away the blotches from her skin as easily as she does the caricature with its pimply face, she would be a happy woman.

Pimples and eruptions are more than a disfigurement to a woman,—they make her sensitive and unhappy. The way to cleanse the skin is to purify the blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the clogging accumulations and poisons which corrupt it. When these are removed, pimples, boils, eruptions, sores, and other consequences of impure blood are entirely cured.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main St., Battlecreek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Doctor Pierce's Golden Medical Discovery to any one similarly afflicted."

Accept no substitute for the "Discovery." There is nothing "just as good" for impure blood and skin diseases.

The People's Common Sense Medical Adviser, 1008 pages, is given away. Send 21 one-cent stamps expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

TALKS OF FREEDOM OF MAN

MAJOR HILTON'S SERMON AT THE FIRST CHURCH.

Acceptance of Christ a Release From Sin—Liberty Only Through Belief in Him.

"Freedom" was the subject of a very forcible sermon by Evangelist Hilton at the First Presbyterian church Monday evening. The audience was small, and the discourse was given in the lecture room instead of the main auditorium. Major Hilton said in part:

"There is no freedom in deception, no liberty in falsehood, no permanency in freedom except in the truth. During His sojourn on earth Christ continually impressed His hearers that only through truth could there be freedom. There is a great deal of sinful boasting over so-called freedom of thought and liberal ideas. Men will boast of their liberality in dealing with the doctrines of God, which are the truth and not falsehood. Let me say that these men who are so boastful of their 'freedom' are in bondage to unbelief.

MAJOR HILTON.

"How much bondage there is to custom. Custom regulates society and we become the slaves of society. You say society has certain demands which must be met or you may say 'when you are in Rome do as the Romans do.' There is nothing in God's word that tells us that we must be slaves of custom, that we must sin if others sin. The only demands that society has upon us are those of love and fellowship, the relation that one of God's creatures should have with another.

"When Christ preached to the Jews and told them they were in bondage, they indignantly repudiated the statement. They said they were the descendants of Abraham and knew not the yoke of slavery. The fact that they were descended from Abraham was nothing; they did not accept Christ, they were slaves of sin. My friends, if you are not Christians through having accepted Christ as the Son of God and the Savior of the world, you are lost. 'He that believeth on Me shall not perish but have everlasting life.' The greatest sin is not murder, it is unbelief.

"When I was conducting meetings in the prison in Washington, I one day saw a tall, gray-haired, fine-looking man pacing up and down and upon inquiry I found out that he was Judge ——, who, next to Edison, was probably the greatest inventor in America. I asked why he was there, and was told he was imprisoned at his own request until the effects of a heavy debauch had worn off. That man spent the greater part of every year in some reformative institution. He had overworked and some physician had advised the use of stimulants, recommending whisky. That man was an abject slave to drink, and while in his sober moments he bitterly regrets his weakness, he cannot overcome it.

"Not many years ago, a nine-story building in New York city, occupied by a publishing concern, one day collapsed, carrying scores of employes to death. A few days previous to the accident a man had occasion to visit a friend who was employed as a pressman on the fifth floor of the building. He noticed that the jarring of the great presses caused the building to tremble and he asked the pressman if he were not afraid. The man said he was, and told his friend that the structure had been condemned. 'Then why do you stay here?' asked the friend. 'Because it is a matter of bread and butter and I have a family to support. If it were not for that I would not stay five minutes.' Three days after that the building collapsed and that man went down to his death, and his family was left to be cared for by charity. O, that miserable little murderer of two letters, 'if.' How many souls it has sent to perdition!

"High up in the category of sin is procrastination. Men will say 'I intend to become a Christian some of these days, I am too busy now.' I do not say neglect your business, but if it interferes with your salvation, let it go and settle the matter with God. You cannot afford to do otherwise. What is your welfare on earth compared with the future of your soul? If God is so merciful as to take what the devil has left, why should you hesitate?"

This afternoon Major Hilton began a series of short sermons on "Faith." The afternoon subjects are as follows: Wednesday, "Tried Faith, Its Value;" Thursday, "Dead Faith;" Friday, "Living or Triumphant Faith."

RUN OVER BY WOOD WAGON.

John Baltes, 7 seven years old, son of Contractor John Baltes, of 29 Bass street, was run over by a wagon loaded with wood while trying to climb on the vehicle Monday afternoon. The accident occurred on Harrison street, near Butler, and the patrol wagon made a hurry run, the boy being taken to Hope hospital. Dr. Porter found that the lad's skull had been fractured back of the left ear, and his left leg and right arm were broken. Those who saw the accident say that Wolf, the driver of the wagon, was in no way to blame for the accident. The boy's condition is very serious, but it is believed he will recover.

AN EFFECTIVE TABLEAU.

"Mr. Geigh, won't you take part in our spring carnival? I am to pose as Spring."

"Why not let me be Spring, and you pose as Winter lingering in my lap?"

SPECTACLES FOR SOLDIERS.

Because of the necessity of making the soldier a good marksman the army regulations in Continental Europe have allowed the use of spectacles. It is strange logic, however, that sees in this a proof of national degeneration. It is, in fact, the reverse, because it shows that we are at last becoming aware of the stupidity of the prejudice against spectacles, and that it is easy by their use to make a good and useful soldier of one who, by reason of bad vision, was a poor soldier because he shot at random instead of with precision. That it is evidence of occular degeneration in the nation or race there is not a particle of scientific or statistical evidence. Ametropia, which causes amblyopia, is probably decreasing with the progress of civilization.

Civilization makes us need glasses more because we need to see better, not because the eye is poorer than it was. We know of one railway superintendent who was so opposed to spectacles that his trainmen feared to use them, and thus ran constant danger of accidents. Doubtless many wrecks have been due to the poor vision, which itself was caused by lack of proper spectacles. The only objection to their use by soldiers, engineers, etc., is that in rain and fog the lenses require protection or frequent cleansing. An indirect benefit of the army regulations may be that at last some continental ophthalmologist may some time learn the art of refraction, and that he may teach others, so that in the course of centuries millions may secure the good vision and the consequent health and usefulness of life now denied them by unprofessional ophthalmology.—American Medicine.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

MILD AND STRONG CIGARS.

"It is amusing," said a veteran cigar dealer to the Washington Post, "how few men there are who know a good from a bad or a mild from a strong cigar. As a matter of course, the quality of a cigar depends altogether on the kind of tobacco used in its manufacture—that is to say, the filler, and very little on the wrapper, which forms about one-twentieth part of the whole; yet 99 out of every 100 men, when they enter a cigar store and call for a mild cigar, will pick out one with a light wrapper.

"We cigar men have learned from experience that there are three things upon which every man prides himself, namely, his ability to captivate women, run the government and judge a good from a bad cigar, and, consequently, we never attempt to wound human vanity or make lasting enemies by showing them their error. For years I have sold cigars, stronger than the divine wrath, to men who picked them out and smoked them with great gusto, thoroughly convinced that they were mild cigars, simply because they were put up in light wrappers. In short, I have come to the conclusion that there are few things on this earth so completely governed and controlled by imagination as cigar smoking."

COUGH SETTLED ON HER LUNGS

"My daughter had a terrible cough, which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar, which cured her." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

FEAR KILLED BUFFALO.

"Although I was on the plains when buffaloes were there by the hundreds of thousands," said an old-time locomotive engineer, "I never killed but one, and I didn't mean to do that.

"It was the first year the Santa Fe railroad was opened up through Kansas. I was an engineer on the road, and one day my train was held up not far from Dodge City by a great herd of buffaloes that were traveling south.

"I ran as near to the herd as I could get, and then stopped to wait until it passed, for I might as well have dashed my engine against a stone wall as try to force a way through that living mass.

"Of the buffaloes that could see us, which were only those on the edge of the herd, only one seemed to be disturbed by our intrusion on that vast prairie. This was the enormous bull I referred to.

"He actually towered head and shoulders above his fellows. He was near the head of the column, and left the ranks when he stepped upon the railroad.

"Advancing toward the locomotive, he came to within a few yards of it, where, with nose to the ground, he pawed the dirt and bellowed and snorted defiance, showing every disposition to forcibly resent our coming into his domain.

"As he stood there in the middle of the track, becoming fiercer and fiercer, I pulled my whistle valve open. Such a wild, piercing, hair-raising shriek as that locomotive let go had never split the air in that far western country before.

"It struck the great bull with such terror that he rose on his hind feet as if he had been shot by the blast, his immense head and shaggy mane and ponderous shoulders towering straight up in the air. An instant the bull stood that way, his eyes big and staring with terror, and then he toppled over like a falling tree and came down in a heap across the track, making everything tremble.

"He was dead before he struck the ground, for there was not even the quiver of a muscle as he lay. I had scared him to death with that awful shriek of my locomotive."

SURGEON'S KNIFE NOT NEEDED.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. Meyer Bros. & Co.

IN NORTHERN INDIANA.

Mrs. A. C. Cory, of Syracuse, is dead at the age of eighty-two.

Porter county farmers have organized a mutual insurance company at Valparaiso.

Deadly headache powders are said to have killed three persons at Hartford City recently.

Mrs. S. V. Clevenger, seventy-six years of age, died very suddenly at her home in Larwill.

John Evans, a pioneer citizen of Monroe township, Kosciusko county, is dead at the age of seventy-seven.

Benjamin Curtis, on trial at Portland for criminal assault upon Miss Minnie Myers, aged fifteen, was found guilty.

Dr. Douglas Gray, of Winchester, who went to California to regain his health, is said to be dying from bronchial trouble.

Mrs. E. W. Dunlap died at Plymouth, aged seventy-seven. She had been a practicing physician there for more than thirty years.

Work of surveying for the Goshen and Fort Wayne electric line has begun. The engineers are working southward from Goshen.

It is claimed that the subsidy for the Fort Wayne and Goshen electric line, defeated at Syracuse recently, will now carry at the coming election.

Attorney Will H. Hart, of Huntington, has been appointed a special revenue agent, with headquarters at Cincinnati. The job is worth $2,000 a year.

Harry Holman, eighteen years of age and the son of a leading shoe merchant at Rochester, was crushed to death in attempting to board a freight train.

John Kauffman, seventy years of age and a pioneer citizen of Lagrange county, was drowned in Compton lake, near Shipshewana. Kauffman was a bachelor and fell from his boat while fishing.

Tom Ray, an Auburn painter, attempted to enter the house of his divorced wife north of Waterloo, but was met by the wife's brother, Wm. Bryan. In the altercation which followed Ray was shot in the right eye.

Mrs. John Braun, of Decatur, is lying at the point of death from cancer and citizens of that town are trying to secure a pardon for her husband, who is serving a term of two years in the Michigan City prison.

The large plant of the Bluffton Artificial Ice company was burned Monday night, entailing a loss of from $12,000 to $15,000. The fire is believed to have been of an incendiary origin. The plant was owned by a stock company.

David Allen, an eight-year-old lad, at Montpelier, was accidentally shot in the head by Charles Griffith, of Roll. Griffith, who is said to have been under the influence of liquor, claims he drew the weapon to shoot a dog. The boy will recover.

It is said that the Noble county grand jury will be asked to investigate the conduct of a man, Graham, who was formerly in the carriage business at Kendallville and who is said to have treated his wife with violent cruelty, choking her and pounding her on the head until she was covered with blood and had to run to a neighbor's for protection.

It is said the citizens of Union township, Wells county, have sent written notice to Strawder McBride protesting against his living in that vicinity, and notifying him that unless he seeks other quarters at once action will be taken against him for a crime he is alleged to have committed some months ago. He was charged with having made an assault upon a little girl. Strawder was subsequently adjudged insane.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Modern Athens is a city of marble. Many of the dwellings and business houses and nearly all the public edifices are of that material, and even the sidewalks on some of the streets are paved with it.

The amount of French capital invested in China exceeds $100,000,000.

Mrs. Helen Farrell, Secretary W.C.T.U., Saranac Lake, N.Y., says to every sick woman, "Try Lydia E. Pinkham's Vegetable Compound. I know it will cure you."

"DEAR MRS. PINKHAM:—Although I have never given a testimonial before, I feel it a duty as well as a pleasure to advise sick women to try **Lydia E. Pinkham's Vegetable Compound.** By experience I found it a most valuable remedy for the peculiar ailments known only to women. A large number of my friends have been cured, and very recently a dear friend of mine who has tried a number of physician's prescriptions without relief gave up in despair, when Lydia E. Pinkham's Vegetable Compound was suggested to her. It was her last hope, but it proved a Godsend to her—just the right medicine for me, she says—now she is cured and just the right medicine for every sick woman say I—try it and you will find it will cure you in very short time."—MRS. HELEN FARRELL.

$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. **Lydia E. Pinkham's Vegetable Compound** at once removes such troubles.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

VARICOCELE!

Have You Got It?

We Will Cure You In Five Days.

Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.
